TRADITION

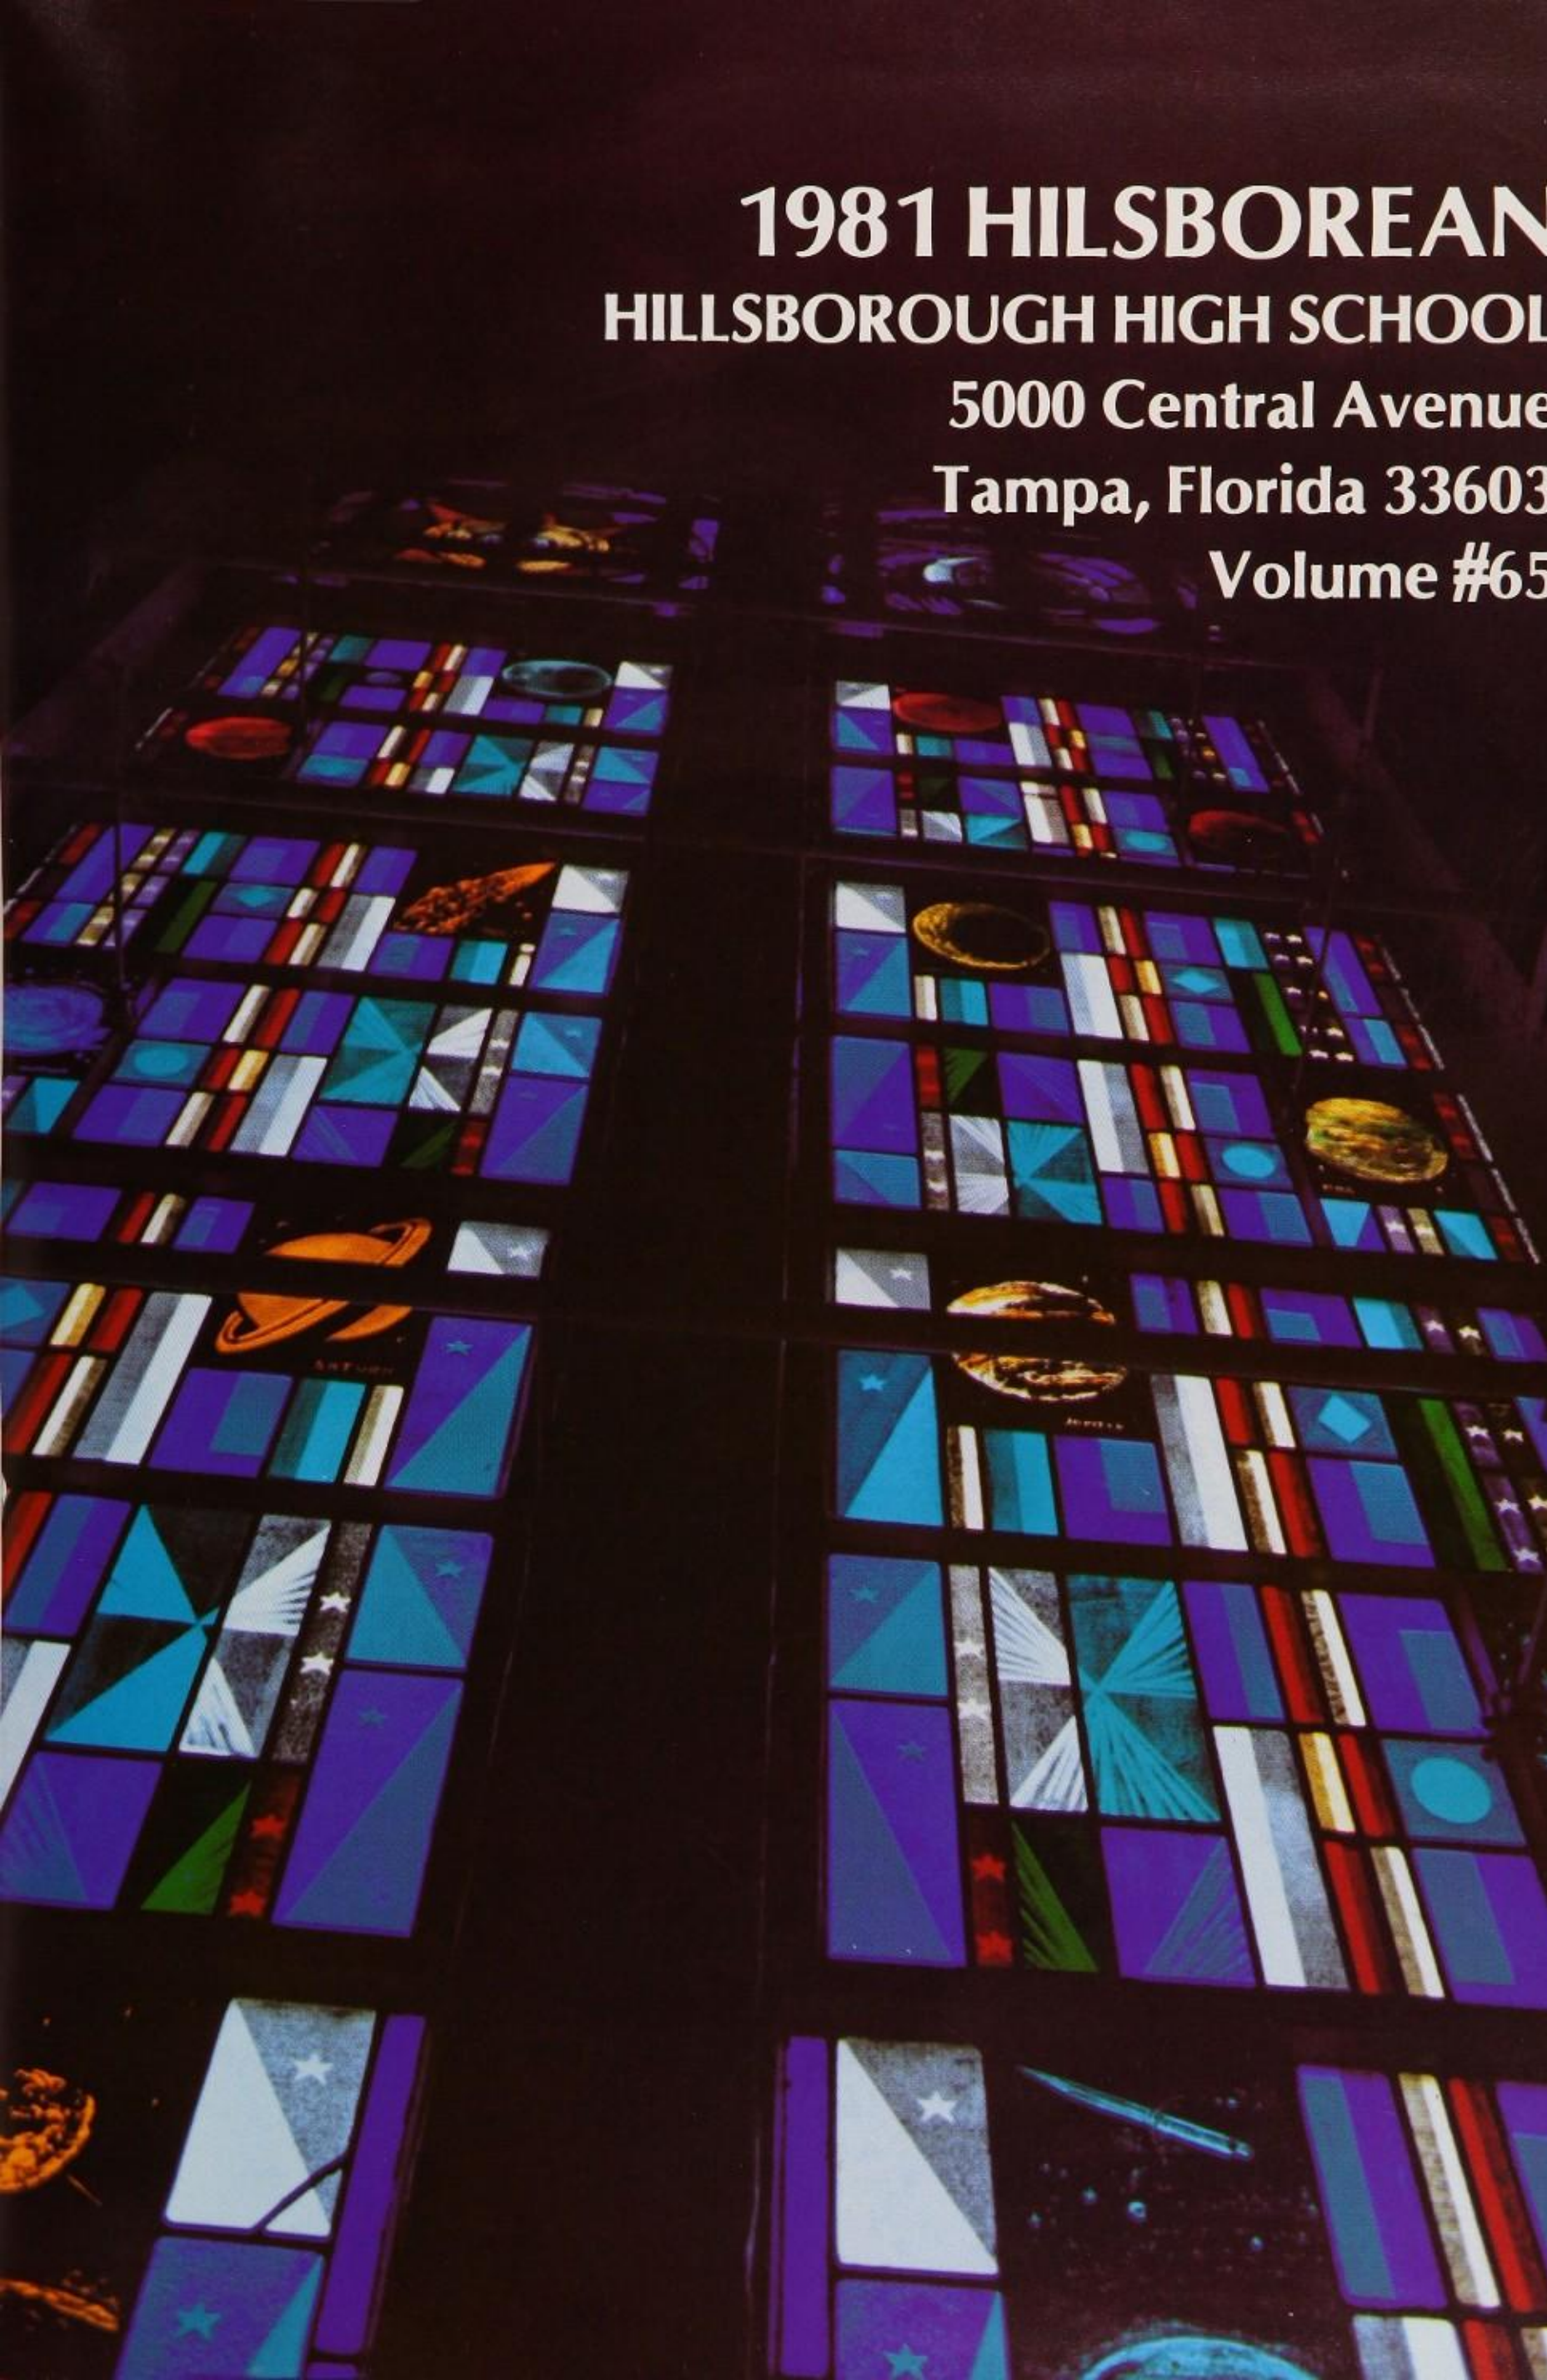
1981 HILSBOREAN

HILLSBOROUGH HIGH SCHOOL

5000 Central Avenue

Tampa, Florida 33603

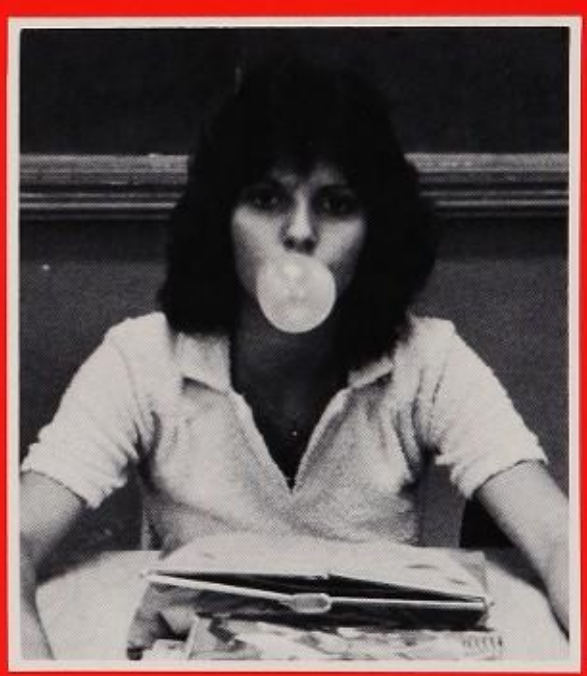
Volume #65



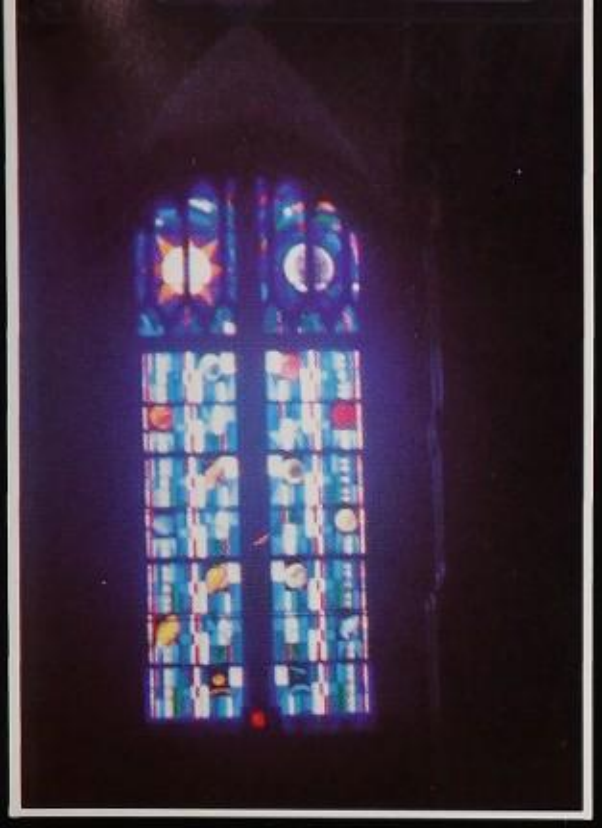
The beginning of a new school year brought life back into empty hallways and classrooms.

Seasoned teachers returned, new teachers arrived. A wave of BIG RED TERRIERS swept through a landmark, a TRADITION, refurbishing it with new dreams, new goals, new life.

Sacred remained the "H" on the patio: a symbol of pride.



BIG RED
ATHLETICS



Staunch and protective posed the Terrier on his pedestal of esteem: a mascot of spirit.

Monumentally encased, glistened the regal trophies: memorials of athletic achievement.

Silhouetted against the sky, commanded the majestic tower: a beacon, a citadel of learning, of pride, of TRADITION.

,as a student of Hillsborough High School, with pride and respect for myself and my school, pledge :

To preserve the beauty and tradition of my school ;

To demonstrate my school spirit and help elevate my school's standing by displaying conduct favorable to our reputation at all times ;

To avoid displaying my affections at times when my actions would be liable for criticism ;

To confine smoking to designated areas ;

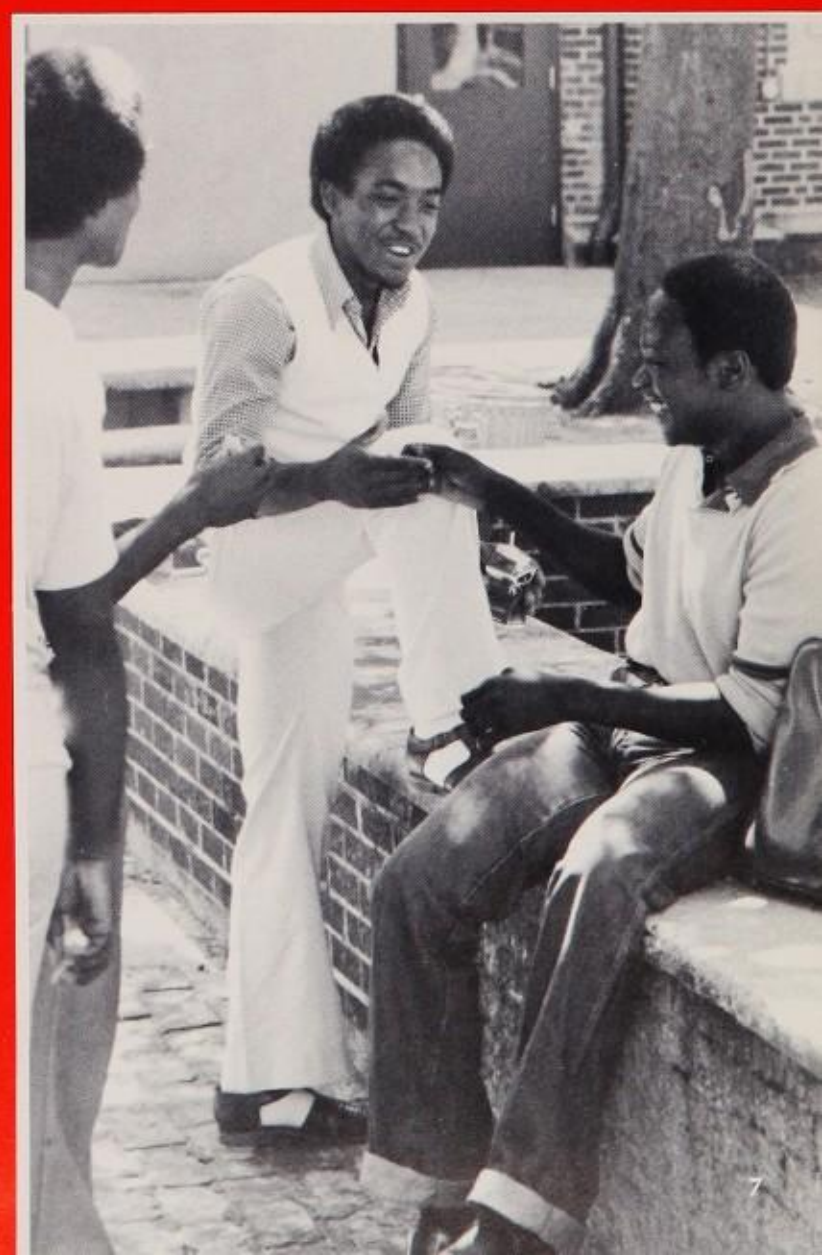
To refrain from drinking intoxicating beverages at all school functions ;

To refrain from all forms of gambling on the campus ;

nd by so doing, I will properly reflect the character, personality, and attitude of my school.

Enthusiastic sophomores learned it; spirited juniors practiced it; pridefilled seniors lived and breathed it . . . TRADITION.

The "H," the Terrier, the Trophy Case, the Tower — all remindful symbols for Terriers of the magnanimity of TRADITION that is Hillsborough High School. A TRADITION that has endured, a TRADITION that is practiced, a TRADITION that will breathe new life and meaning into all who walk through her doors.



"Sunset"

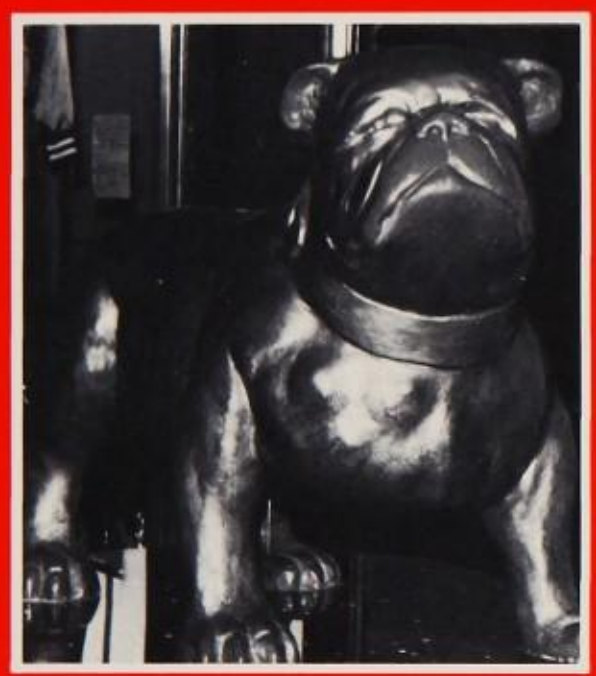
Tinted half-sphere falls slowly
from the western skies,
Devoured by the depths of the sea.

Waves disperse above shades of pink,
rolling and rolling,
Then tumbling upon sands of blue.

An explosion in brilliant orange,
reaching and stretching
To conquer the atmosphere.

A hand-woven tapestry sewn across the heavens,
blanketing every heart,
warming every soul,
remaining in every eye,
'Till retreating and submitting
To the forces of night.

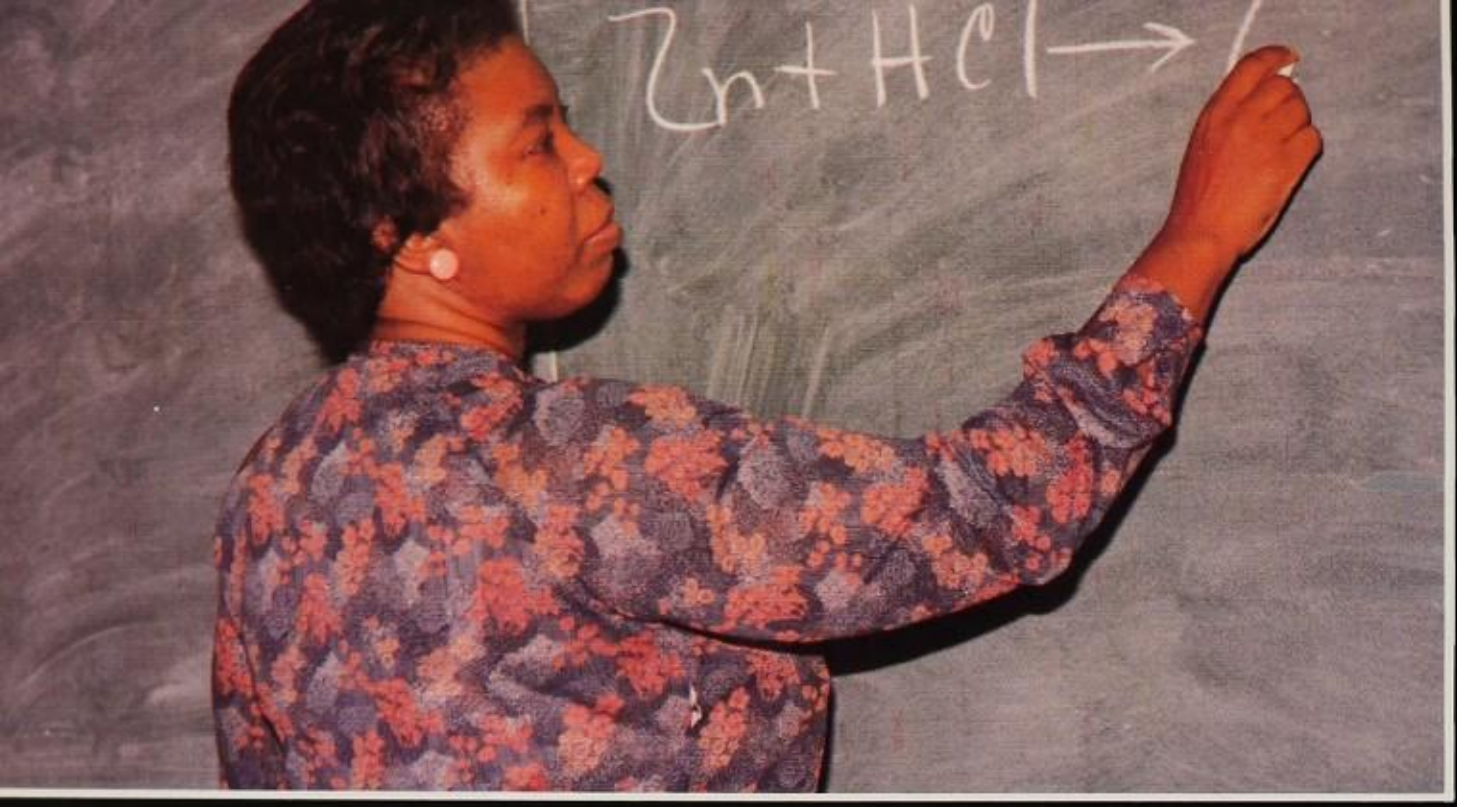
S. Pittard



Although Yale has always
favored
the violets dark blue
And the sturdy sons of
Plant High
To the gold and black
are true;
We will own our lilies
slender
Nor honor shall they
lack,
While the Terrier stands
defender
Of the dear old Red
and Black.

Through the three long
years of high school
Midst the scenes we
love so well,
As the mystic charm of
knowledge
we vainly seek to spell,
Or the football field
and track,
Still we'll work for dear
old Hillsborough
And the dear old Red
and Black.

When the cares of life
o'vertake us
Mingling fast our locks
with grey,
And our dearest hopes
betray us,
False fortune falls
away;
Still we'll banish care
and sadness
As we turn our memories
back,
And recall those days of
gladness 'Neath the
dear old Red and Black.



More than a teacher, she is a friend. Ready to listen and help when you need it, she is enthusiastic and very interested in her work. Through hard efforts and concern, she has earned the respect and love from all those who have had any contact with her. Because she is highly regarded as a teacher and friend, we proudly dedicate the 1981 HILSBO-REAN to Ms. Marjorie Mayse.

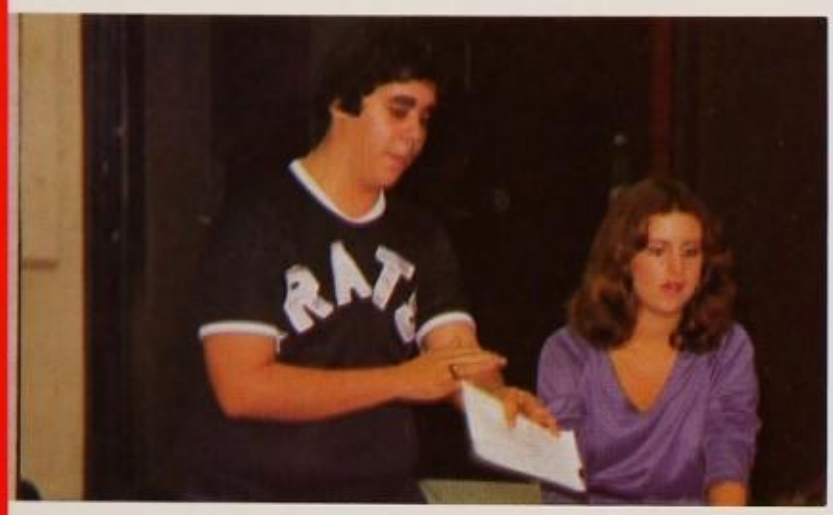
From the initial ringing of the bell on the first day to the triumphant chiming of the bell on the last, Big Red Terriers were totally absorbed in all phases of campus life.

Friday afternoon pep rallies blended into spirited Friday evening contests. Wednesdays witnessed meetings for honor, interest, and service clubs. Hillsborean Week culminated in a "night to remember" for all who danced to the music of the Tampa Bay Brass.

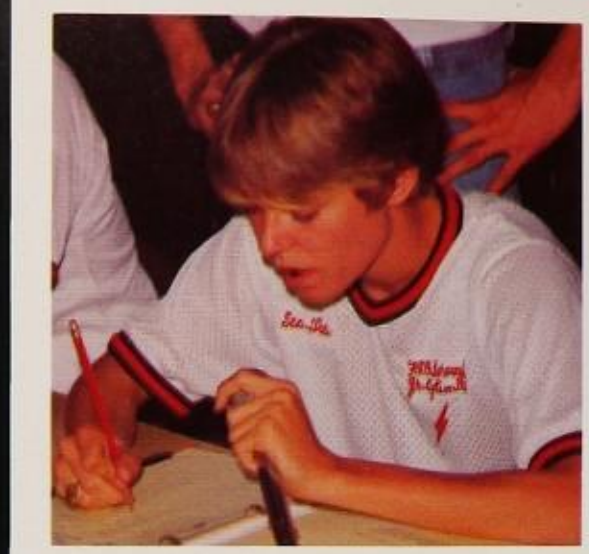
Seniors had their final opportunity to live their fleeting moments as TRADITION makers as active participants in the Senior Picnic, Grad Night, and the Senior Prom.

For every Terrier, young or old, living a TRADITION meant being involved and active.

ACTIVITIES



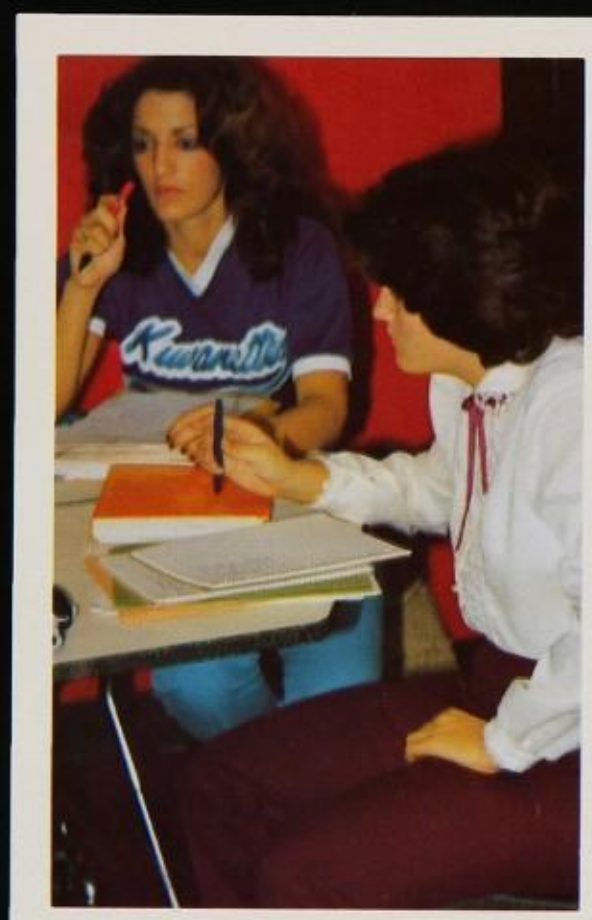
Working together means reaching goals.



Keeping records is a must.

Leadership accounts for all.

Striving for success requires a hard days work.



Suggestions turn into ideas.

Inductions is an honor for every member.

Listen, to what later will be.

MAKING IT ALL WORK

S. Varas is proud to be in Anchors.

M. Carter thinks over ideas.

Making it all work was in the minds of all service club members this year. Through determination, and working together, the 1980-1981 service clubs accomplished many services for the school and community. Keeping records, inducting new members, and working toward the goal of success were some of the elements on the long list of accomplishments of the clubs.

The service clubs; Kozacs, Junior Optimist, and Interact brought all their individual forces together to make it all work for this year.

Kozac's members vote on the best Halloween outfit.

Kozac sponsors also enjoyed the Halloween party.

Students get prepared to take notes.

PLAYING THE ROLE OF TOGETHERNESS

The girls started the year off with a few disappointing situations, but as time went on, they showed Hillsborough High school just what the Opti-Miss Raiders were really all about. First off, they found themselves a new sponsor, Linda Montz, whom proved to be a very enthusiastic helper. Second, they sold the traditional beat ribbons to the student body throughout the football season.

Yes, these girls had a lot to do, and they proved it to be a task well accomplished. Through togetherness, they worked up the continuous number one spirit of the Opti-Miss Raiders.

A SERVICE FOR TOMOR-ROW

The Kiwanette service club started the 1980-81 school year in the spooky spirit. After inducting new members, the club made candy ghosts for the teachers on Halloween. Visiting a children's home for Christmas, to bring cheer to the kids, was also on the list of services performed for the school and community. This year the club strived for unity and success and with the help of their sponsor, Ms. Morrill, they made it a goal that was reached.

J. Vargo enjoys her very first meeting.

L. Rodriguez has service with a smile.

M. Tejara signs up for school services.

L. Brinson listens tentatively to ideas.

Anchors Away ....

And "Anchors Away" it is! For this year the Anchors have not been anchored down! They've been through the roughest waters but kept on sailing through it all.

Kristy Read (Pres.) navigated the Anchors through many worthwhile projects such as presenting food baskets to the needy families during Thanksgiving, and visiting Faith Children's Home for Christmas. These and other gifts of love were distributed throughout the community this year with the help of Anchors.

A Supporting Service

Civinettes

Their motto is "Builders of Good Citizenship."

That motto has been carried down from generation to generation of Civinettes since 1917, and could not fit any other club so perfectly.

The Civinettes contributed a great amount of time and energy to the Special Olympics, and participated in many other special projects for the retarded this year.

Through the Civinettes special sharing, they have learned to live a fuller life, enriched by unselfish service to others.

Officers supporting each other is the key to the success of the Civinettes.

S-CLUB, SERVICE WITH A SMILE!

Community service proved to be S Club's main interest this year as they devoted most of their time to volunteer work in cooperation with their sponsoring organization, Soroptimiss. Members helped with the program at "Roy Haynes" which involved visiting and entertaining the handicapped children. They also sold Terrier keychains as a fund raising project to cover any expenses which occurred during the year. S Club participated in the Kozac activities and helped make spirit signs for the football games. Each member gave their best and worked hard to keep the S Club going strong.

Z-CLUB ...

This year the Z Club helped the community by sponsoring a bike-a-thon to raise money for Cystic Fibrosis. Among the other fund raising projects, the Z Club is known for their annual Sadie Hawkins dance which always has a big turnout. The president, Karlos Gambro, and sponsor, Mrs. Santos, along with the other girls gives a great deal of time and effort in making these projects successful. Around the holidays, the Z Club puts treats in the teachers' mailbox and has parties to enjoy and appreciate what they have accomplished.

... GETS THE JOB DONE!

HOSPITALITY SPEAKS FOR ITSELF!

Through the years Terrierettes have always been a hard working and an outstanding group and this year is no exception.

This year a few additions have been made to the group. Two boys were tapped along with eight sophomore girls.

Terrierettes kept well involved with school activities; such as hosting school functions like football games, coaches' meetings and other events. As a club they kept well involved with the various activities they did this year. They had a car wash, a halloween party, and also secret pals.

They have truly succeeded in having an outstanding year.

Terrierettes friendship shines on.

New members show pride.

JUNIOR OPTIMIST ...

From its meager beginnings 10 years ago, J.O. has grown in spirit and in pride. They have shown their pride and spirit in many ways; such as, this year in conjunction with their parent club, Optimist, put on a House of Horrors for Halloween. Junior Optimist helps to support school spirit by selling beat cards and by assisting the cheerleaders at football games by cheering on the Big Red. Junior Optimist is only a small part of many that have carried on our traditions and that have supported the school in many ways that will *NEVER* be forgotten. We are The Big Red.

LEADERS IN TERRIER TRADITION

Junior Optimist, sponsored by Mr. Vincent Wilson and by Mr. Nick Capitano, has come a long way since 1970. They have made many contributions and have had a lot of fun. They have worked together to continue Junior Optimist and to add it to the list of our many traditions that Hillsborough High is so noted for. Good luck J.O. on your next decade of service.

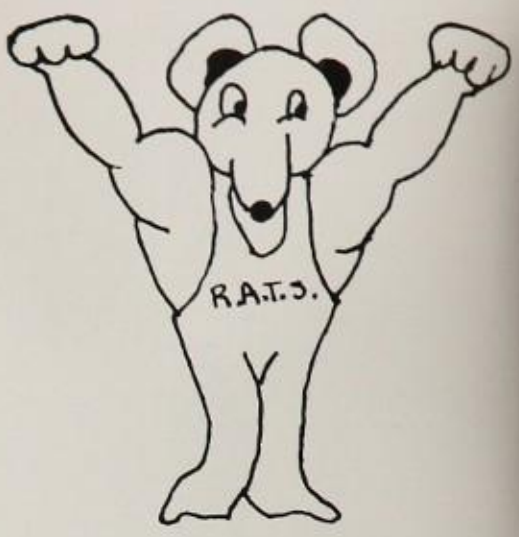
"R.A.T.S." HAS IT ALL !



R.A.T.S.? What's R.A.T.S. and what do they do?

R.A.T.S. stands for "Readiness and Togetherness in Students," and that's exactly what the club is all about.

Though just in its third year of existence they've learned to work as one on projects and goals, pulling them closer and forming a special bond of "Togetherness" throughout each and every member.

Working as one makes it all so much easier.

D. Cabanas waits for further instructions.

DOUBLE YOUR TWIRL

The 1980-1981 Majorette squad was made up of Valerie Smart and Yvette Lala.

Their superior showmanship was well demonstrated at the District Parade, and District Marching Band Contest.

Through the help and guidance of Mrs. Ciesla, their sponsor, they have done an outstanding job.

Displaying their array of talents, the spotlight caught the glimmer of their batons, as they performed their routines on the field.

THAT'S ENTERTAINMENT

The 1980-81 Dancerettes enlightented the hearts of many during the halftime shows. Accompanied by the Big Red Band, the squad entertained the fans every Friday night. The squad helped supply football programs to be sold to inform fans of players and performers. Through practice and determination the Dancerettes performed their best all year.

After a good performance S. Coleman shows how proud she is.

Boosting the Big Red Spirit and providing entertainment for the fans were the main goals of the 1980-81 Big Red Flagettes. The energetic squad of 14 girls held their enthusiasm even after many rough hours of practice. With the help of Sharon Oleson, Head, and Wendy Sanchez, Co-head, the girls performed dazzling routines with their waving flags. Together with unity and special friendships the Flagettes made the Big Red proud.

Sounds of Music

Jazz, pop, and soft ballads were the "sounds of music" created by the 1980-81 Stage Band. Under the direction of Mr. Tom Ziegelhofer, the band members practiced diligently to get just the right sound. Together with talent and unity, the stage band demonstrated their style at concerts for HHS students, District and State Contest, and special activities in the Tampa Bay area. Devoted to perfection, they carried on their tradition of excellence.

A New Beginning

"A New Beginning" was in the minds of everyone in the 1980-81 Big Red Marching Band. Performing exciting new shows at football games and parades, they exhibited their pride and spirit. Presenting such tunes as "Baker Street," "Ladies Night," and "Birdland" the band members displayed their snappy showmanship and pizzazz. Combining lots of hard work and dedication, the band kept the crowds cheering. With a new band director, Mr. Tom Ziegelhofer, and new drum major, Randy Curioso, they were on their way to success.

WE ARE THE

BIG RED !

Oh Oh, We Are The Big Red! This was the favorite chant shouted by every student at the Hillsborough High School pep assemblies.

Involved in the pep assemblies were many of the spirited organizations of the school: the band, along with the Dancerettes, Majorettes, and Flagettes, and also the cheerleaders. The coaches introduced the football players as the students responded with much enthusiasm.

With all this, and with the true spirit of the Terriers, the student body proved to everyone that *We Are The Big Red!*

BRAIN WAVES !!

The superior students of mathematics, science, Spanish and journalism, are selected each year to represent Hillsborough High School as members of our honor clubs. To be chosen for honor clubs you must have an overall 3.0 average. The honor clubs are involved in many activities such as selling Hillsborough momentos, car washes, and other fund raising projects. But, most of all Hillsborough intellectuals have lots and lots of fun. All of the club members are considered one big happy family.

Key To Success

They say that the road to success is paved with gold and for these chosen few it was achieved through determination and a lot of hard work. The reward they receive is the privilege of being inducted into the National Honor Society. The qualifications for becoming a member of The National Honor Society is to have at least a 3.5 overall grade point average which is weighed along with leadership, service and character. The main goal of National Honor Society is to aid in the betterment of their community and their school, and to assist their fellow students and their fellow man. The members of NHS take pride in saying that they are a part of the Big Red.

Explore Today for Tomorrow

The Honorary Science Society purpose is to involve and broaden students' interest in science. Their goals are to make the student body aware of the need and the role that science plays in today's society.

H.S.S. reaches many students through their annual Science Fair presentation. Displays and experiments are carried on throughout the day, bringing the unknown to the students.

Doing things their own way

Ready, willing, and eager to reach new goals were the members of the Spanish National Honor Society. Each of the enthusiastic members excelled in Spanish with an A or B average and were proud of it. Sponsored by Mrs. Todd, the club sold M&M's to help raise money for special activities. Unified by their common interest, the S.N.H.S. brought a new attitude toward foreign language to our school.

Creativity at its best was what the 1981 Helm was all about. Created by a talented staff of writers and artists, the Helm contained literary and art works from the students themselves. With the help of their sponsor, Mrs. Pullara, the students were given the opportunity to express themselves and allow others to enjoy their creations.

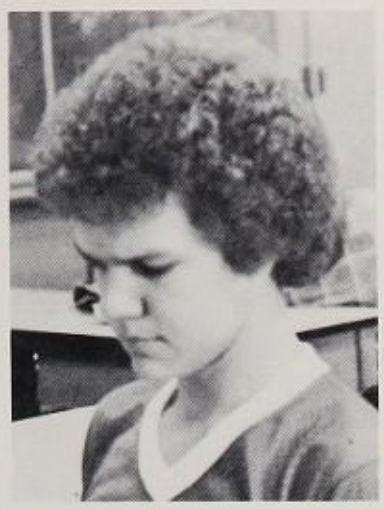
1981 RED & BLACK STAFF



LARGE ENOUGH TO SERVE YOU

Extra! Extra! Read all about it! This familiar saying seemed to be a way to describe the 1981 Red and Black staff. Bringing the news to the students and striving for better journalism were two of the main goals of the staff. With paper and pen in hand, they were always ready to cover the major issues of the day and keep everyone informed.

Getting the paper out before deadline was not an easy task, but the staff competently achieved success. Senior staff members did most of the work the first semester and with their sponsor, Mrs. Ruth, they helped the junior staff learn about copy, headlines, and general newspaper journalism. Second semester, the junior staff co pleted their first edition of the Red a Black.

So the next time you pick up a copy the Red and Black or the calendar, keep mind all the dedicated newspaper journ ists who do it all for you.

CREATIVITY IS

The 1980-81 yearbook staff started off the year with a very enthusiastic outlook toward the motive of publishing the best yearbook ever.

It began with the training of the first year staffers, who were very eager to learn and begin work. Once this was finished, the anxiety and tension set in; "deadlines." This was a hectic time for all staffers; drawing layouts, writing copy, getting picture and headline ideas, and cropping pictures were just parts of the responsibility of being a successful journalism scholar.

Along with a new staff, Steven Pittard was added to the group as the new yearbook advisor. He proved to of been a great help to the students, and a prosperous help to the annual.

Reliability also proved to be an important factor for all Hilsborean staff members. So you see, creativity was only the beginning.

LIGHTS, CAMERAS, ACTION!

Mr. Skora instructs the group with dignity.

Good evening ladies and gentlemen – H.H.S. proudly presents – Sound System . . . 1981!!! Sit Back, relax and let us put a smile on your face and a song in your heart. With those words Sound System began another great year of great performances.

Sound System is a combination of talent, entertainment and plenty of hard work. Though the group encountered an abundance of hard work, they all discovered that problems became easier when faced with a smile.

Mr. Skora held a big part in the smoothness of the group. He was always there when there were questions to be asked or problems to be solved. Though through it all the group was held together, and performed with excellence during the entire year.

S. Golby waits for cue.

There's never a dull moment, when S.S. around!!

Hard work has built them a name.

HIGH IN SPIRIT

Every student of Hillsborough is proud to have a part in building pride and tradition. Most students show their pride by supporting the football team and other activities. The striking red "H" captures our admiration and spurs our loyalty to the Big Red. Some of Hillsborough's pride is held within the stained glass windows in the North Campus Auditorium; the "H" on the patio, which is not to be stepped on; the trophy case, symbolizing some of the victories at H.H.S.; the clock tower built in memory of the war dead; and the Alma Mater and Terrier Creed, both of which were written and established by Hillsborough students. Because of this, one week was set aside in which we were reminded of Hillsborough's history and the pride and tradition on which it was established. This was a year to remember, a year of progress and a year of sober reflection.

Students sing the traditional Alma Mater.

Students promote school spirit by coming to the pep rallies.

Mr. Collins has the spirit.

"Pop" Green tells of the tradition behind the sacred "H."

Dusty Rhodes helps stir up our spirit.

The cheerleaders show their expression of pride.

Junior Optimist donates a new plaque.

Mayor Bob Martinez talks about pride.

The football team shoots on the field as the band plays the fight song.

A WEEK OF SPIRIT AND EXCITEMENT

Originality was the only word that could be expressed for Hillsborough students. Through Hilsborean Week they displayed their spirit by dressing as cowboys and punk-rockers. Jersey Day was for club members to express their feeling of Terriers spirit. A trip back in time was taken for 50's Day and the poodle skirts and ponytails were everywhere. The week concluded on Red and Black Day.

M. Vega want to get tough.

B. Rudd has the 50's day spirit.

K. Wauford displays her jersey.

R. Carmicheal and R. Curioso need no introduction.

H.H.S. punkers show their style.

Cowgirl E. Stilley struts her stuff.

J. Teston "PUNKS OUT."

Mrs. Sanders has that Terrier pride.

J. Hevia and R. Stokes our proud Hilsborean candidates.

G. Oliphant has good Hillsborough feelings.

T. Presley wants a Terrier showdown.

S. Coleman shows her spirit.

NIGHT OF THE COWBOY

This was the idea of the evening when the student body presented the "Terrier Bark" against Jefferson. The crowd celebrated the evening in "Ten-Gallon hats," western boots galore. Everybody had a piece of the action. Various clubs, such as Rats, Interact, and J.O. presented skits terminating the dragons. The Cheerleaders, Dancerettes, Majorette, and Flagettes performed flashy routines to boost the terrier spirit. Coaches, one and all, became involved by announcing the Big Red Football Team, the team went all the way to tie for the West Conference championship. The HHS Cheerleaders theme for the pep rally, "Lasso the dragons," was in good feeling, for the Big Red lassoed all their terrier spirit and rode the dragon down. The evening of Terrier Bark was a memorable one for everybody large or small and will be stored in memories of the mind for ever.

PRECISION PERFECT

ROTC, Reserve Officers Training Corps, was designed to teach leadership, self-discipline and the ability to organize. Under regular Army personnel supervision, these young men and women are given the basic knowledge of military life by familiarizing them with firearms and battle tactics. Accuracy and coordination also play a major role. Throughout the grueling hours of practice, these members had to have complete control over their weapons and memorize their footing for the entire drill. Precise timing and execution of equipment are a vital part of perfection. These three years of training for basic training are culminated in the school military events held each year. These are the young men of tomorrow's army.

JROTC Provides Honor

Ever since 1935 a junior ROTC program has been included in the curriculum at H.H.S. In national, regional and state competitions our ROTC continues to excel. Through hours of hard work, members gain the skills to earn first place awards. ROTC promotes a high quality of leadership for those young men and women who are interested in a military future and a more thorough understanding of basic military values and procedures. Hillsborough offers a basic training course consisting of marksmanship, map reading, weapon handling and military history. We at H.H.S. are proud to have the finest ROTC units in the city of Tampa. In these times fo national crisis these young men and women have forseen the opportunity to get ahead start on their military careers.

Diversified Cooperative Training or D.C.T. is a program initiated for the student to earn school credits while making a salary, gaining work experience and also learning a trade. Offering a taste of a variety of careers, this program gives many students a head start in selecting a suitable career for themselves in the working world.

Each student added his part to D.C.T. this year, some by selling stuffed animals, Christmas gifts and Big Red fuzzies.

The main accomplishment of D.C.T. is that each student has learned to work together for a common goal, the common goal of success.

HOE is a class of students studying and preparing for their chosen health fields through classroom study and participation. CHOE is a class of students learning from on-the-job training and gaining not only knowledge needed for their individual health careers, but also experience.

The students learn to check blood pressure, give shots, CPR and numerous other health oriented techniques.

During the year, the classes sponsored the blood drive for the South-West Blood Bank.

HEALTHFUL LEARNING

While many students were asking themselves the question, "What am I going to do with my life?" the members of HOSA, which stands for Health Occupational Students of America, were busy preparing for the careers in their chosen occupations. HOSA gave the students the advantage of learning from on-the-job training for careers in such fields as nursing, dental assistants, and doctoring. Students learned about the emergency room of a hospital, a nursing home, and a laboratory where all medical tests are run and analyzed.

HOSA members are all students in HOE, taught by Mrs. Sanders, and CHOE, taught by Mrs. Ferree. With the interest and dedication of each member, HOSA was a big success.

A FUTURE FOR ALL

The Future Business Leaders of America know all about skills in such areas as business law and data processing. Under the direction of Miss Washington, they visited nursing homes and participated in the "Council of Meetings," which helped them understand the world of business.

Through their vocational experiences, this club's dream of being professionals became a reality.

Future Homemakers of America sponsored by Mrs. Jennings, has the learning experiences of responsibility, the developments of wholesome recreation and most importantly, leadership skills. The students aided the community and offered their services by helping with the Family Crisis Service, and by presenting different skits showing what they have learned.

It's very likely that a H.H.S. Drama student might end up the 'the big spotlight' one day. Under the guidance of Mrs. Sylvia Osborne, the Drama students write and perform their own plays, skits, pantomimes, and poems for grades. Eventually, they hope to earn enough points to get into the higher Thespian club.

The Drama department presented "Twelve O'clock Murder" for interested English Classes in November, and planned a spring production later in the year. Besides acting, there is plenty for students to do. Props, costuming, makeup, lighting, scenery, and yes, even the curtain had to be pulled on a successful year.

Brush and Palette members all shared a common interest in art. Sponsored by Mrs. Kaminski, the dedicated members held a Christmas Art Sale to raise money for the Art Department. Items such as macrame, candles, and wreaths were made and sold by the club. These art lovers were proud to have brought a touch of art to H.H.S.

Taking speech one step further was what the Forensics Club was all about. Competing in meets at home or away, they participated in such events as Dramatic Interpretation, Original Oratory, and Debate with excellent results. They also held car washes to raise money for purchasing their National Forensic League pins. There was no doubt that when they talked the Big Red listened.

Developing film can be fun!

Taking a good picture is more than pressing a button and waiting for it to develop. Giving students the opportunity to learn about photography was the main goal of the 1981 Photo Club. Sponsored by Mr. Nattox, amateur photographers or just students interested in photography were part of the club.

Club members were taken into the darkroom and saw how pictures were developed. Photo contests were also held to get everyone involved. No matter what, these "hams" loved to get "flashed."

Feet Do Your Stuff

Dancing is an art form enjoyed by all countries and is especially enjoyed by the students here at Hillsborough High School. Most people thinking of a dance club, picture a group of girls dancing around on pointe, but this dance club is different. There were many males involved with this club and a lot of good, jazz music. The club though only in its first year, had a very good turnout, a trememdous 151 students attended.

C. Yost and J. Menendez seem to be very proud of the club's progress.

The Big Red Wrestling Club moved on through another successful year of assisting the community by delivering canned goods to the needy during Christmas. The club also participated in various fund raising activities such as: car washes, working at the Tampa Stadium, and a jog-a-thon, to raise money for athletes. Most of all, the club did a fantastic job in giving their support to the "1980-81" Big Red Wrestlers!

SUPPORTING THE TEAM EFFORT

Supporting the team effort by selling HHS spirit t-shirts was the goal of the Beaker Breakers. The club was made up of the chemistry assistants, and they worked diligently to help support the Science Department. Whether they were conducting lab experiments or raising money for the science fair, the Beaker Breakers were always there to help other students with their science problems.

The 1981 Swim Club was on the go as they again made it a successful year. Led by coaches Mr. Nafzinger and Mr. Weill, this group of swimmers and supporters of swimming helped cheer on the swim team at their meets to victory. They also held a car wash and a swim-a-thon to help fund the club.

CHESS CLUB CHECKMATES WHILE GERMAN CLUB TRANSLATES

The Chess Club performed with great mental concentration. Each member tested his intellectual skills by competing against one another and with chess players from other schools, with the help of their sponsor, Mr. Cacciatore.

SCIENTISTS OF THE FUTURE

After many years of hard work and the many sacrifices of the Honorary Science Society members, the Science Fair finally became well established around the county. With the experience and help of the sponsor, Barbra Geyer, the H.S.S. members with their individual displays were shown to be creative, interesting and fun. All year long the members learned and experimented with labs and scientific activities. Even with new members along with the old ones worked their hardest and the Science Fair once again became a success for the students of Hillsborough High School.

All phases of sports, from swimming to football, instilled in each and every Big Red Terrier the feeling, the attitude, and the emotion of TRADITION.

Whether by watching as a spectator or by participating as a player, every Terrier was overcome with pride and spirit for his team and school.

Sports were a medium of spirit and pride, a mechanism of TRADITION.

ATHLETICS

"LET'S GET ROWDIE!"

The 1980-81 Varsity Cheerleaders once again, led the crowds with spirit at the Big Red football games and pep rallies.

The squad which was headed by Teresa Card and the co-heads Diana Potter and Lana Massaro, was always busy preparing goal post signs to boost the football players' morale. They also gave support to the Varsity Basketball Teams. Big Red's traditional Bark was once again a success with the help of the enthusiastic cheerleaders and their sponsor Mrs. Santos. This year's proud theme was "Lasso the Dragons."

THE FEW, THE PROUD, THE J.V.!

J.V. girls have fun whether cheering or not.

Many tried, but only a few were chosen to represent Hillsborough in a special kind of way. A nervous try-out began days of tiring practices and nights of rowdy spirit. Although consisting of only nine girls, the squad boosted enthusiasm at pep rallies and of course, at their own undefeated J.V. football games. "My girls were spirited and we enjoyed working together," said Ms. Montz, their new sponsor. Certainly they are to be recognized as a valuable part in the life at Hillsborough.

VOLLEYBALL ... A NET GAIN

You could always tell when the Big Red Girls' Volleyball season had begun. From the gym you heard the continuous sounds of bouncing, slamming, and rebounding balls. Practice began in the opening weeks of school and continued with intensity through District in mid-November. Coached by Sharon Orend, the close knit team of 9 players not only succeeded in establishing a good winning record, but publicizing their team by adding new twists to cheering at pep assemblies! Many outstanding senior players added spark to the team. Captain, Cassandra William, was honored by being the first girl to be chosen as "prep Player of the Week." Other valuable seniors include "Hollywood" Debbie Fuller, Donnette Rua, Debbie Norton, and Debra Green.

The 1980-81 Hillsborough Cross Country season began long before the first nervous line-up at the Leto Invitational. Both the girls' and boys' teams practiced faithfully, trying hard with the help of their coaches, to improve their individual times and team standings. A new year also brought changes. The girls acquired a new coach, Miss Linda Montz, as well as eight enthusiastic runners. The boys' team increased from eight to nineteen runners. Practice began during the summer months and continued until the final meet. Every day determination paid off with top results in difficult meets at golf courses, beaches, parks and rivers. Every meet meant improvement which enabled The Big Red to inch their way to the final rungs of the rating ladder. Hillsborough became recognized as a

Twenty-three . . . fifty-seven, Hut . . . Hut! There's the snap, He's fading back, looking for a receiver, there's time. He pumps once, twice, and fires it long. Pass is GOOD! TERRIERS football. It was more than fleeting seconds of glory, it was also agony. Perfection was reached only after rigorous practice and at the costly price of pain. Throughout the summer and during the fall, after school, the fighting Terriers sweated on the practice field and learned the meaning of the word "WORK-OUT!", and with the cooperation of each player, the **BIG RED TERRIERS** went on with a **WINNING SEASON!!!**

HIT ME WITH YOUR BEST SHOT

The 1981 Hillsborough Terrier Varsity Basketball Team began their season optimistically. With a new leader, Coach Long, and 14 experienced players, they began the hard practices that were needed to become an organized and successful team.

Certain nights of the week proved exciting for the fans as the terriers bounced rebounded, and basketed their way to winning. Hillsborough defeated such teams as Jefferson, Eastbay, and Tampa Bay Tech.

The entire Varsity Basketball Team is to be congratulated for their good sportsmanship and fighting spirit.

A Terrier victory is within reach.

Coach Long gives off court advice.

S. Santiago nabs the throw in.

GREAT EXPECTATIONS

"Great Expectations," that title summed up the 1980-81 basketball season. After all, the Terrier fans had a lot to base those expectations on. Susie Stunis, Cassandra Williams, Carnel Wilson, Debra Fuller, Tarrita James and Jerlyn Skora, were returning for their senior season; and with their great court experience, the team proved that they could play to win. With such victories over Chamberlain, Brandon, Plant, and Plant City, they knew they were on their way for a successful season. With the help of Coach Manuel, the team sent out fighting every game. With their good sportsmanship and well taught skills, the team showed true Terrier Spirit and Pride on the court.

Coach Manuel is elated over the victory.

SHOOTIN' FOR SUCCESS

"Dribble the ball," "Jump," "Go for it," "Run," "Shoot, shoot, shoot." These were some of the phrases heard during the Junior Varsity Boys' Basketball games. Even though there were only six members on the team, the spirit of these members was high. Coach Vardo fed his team the rules and plays, but the boys themselves kept the spirit high and "Shot for Success."

BOUNCING OFF TO A GOOD START

The 1980-1981 Junior Varsity Basketball team was coached this year by Coach J. Vardo. Says Coach Vardo, "The team was short on stature but long on spirit. Each night was an adventure but most nights, ended in victory. Learning, pride, and growing desire are key words for any J.V. team, and this years team majored in both."

DON'T BRING ME DOWN!

"Don't Bring Me Down." That's what everyone on this year's 1980-81 BIG RED VARSITY WRESTLING team wanted, to keep from getting pinned and hopefully pinning a rival team member.

In order to earn a pin of recognition, the wrestlers spent many long, breath-taking hours memorizing and practicing their moves that were to be used against their opponents, and with the help of Coach Yost it turned out to be a BIG RED season.

The Golf team this year was anxious to get on the golf course to start teeing off! The Girls' Golf team was coached by Mr. Ware, who led them with much guidance.

The Boys' Golf team was coached by Mr. DePaula who was a big part of them being such a great team.

They helped each other when help was needed. The coaches gave encouragement that the team needed. With their help the teams felt as a WHOLE! They finished their season with very high standings. The returning players are anxious to get ready for next year.

There's More Than

There was more than just running involved in track. There were sprinters, jumpers, and pole vaulters, who for a short moment, became air-born.

Rigorous practices, which consisted of jogs, stretches, sprints, etc., prepared the track "runners" for the grueling competition they were to face. Team coordination, dedication, and endurance paid off in the long run with the helpful advice of coaches; S. Longfellow, K. Weiss, B. Anderson, and T. Bellanca.

"FEET DO YOUR STUFF"

This year was the very first year for Hillsborough High School to have organized a Girl's Soccer team. Even though this was their first year, they looked forward to each game, and they played with much enthusiasm. There was plenty practice in order to achieve such a good team, and good coaching came from Ms. Campbell. Everyone worked together and each person had to strive to maintain the ability of being a great sportsman and a good player. Everyone will be looking forward to next year to make it even better!

BIG RED GETS ROWDIE

BIG RED Soccer was something very new to Hillsborough High School as well as Hillsborough County High Schools. With the popularity of Soccer growing throughout the country, a vote was taken to see if the students wanted soccer in our high schools. The vote was unanimous and inter-school soccer was granted.

Hillsborough itself got off to a terrific start beating the heavily favored Leto in an upset victory. Troy Akins was the man behind the ball. Troy scored a hat trick in this game (three goals in one game).

Coach Rudes says his team did a lot better than expected with this being their first year. He expects a lot of his Junior and Sophomore players to return next year for another even more successful season.

Mr. Rudes gives special thanks to his most outstanding players; Steve Shaw, Juan Martinez, Toby Allen, Troy Akins and his excellent goalie Robert Lacaroz.

MAKING WAVES

"MAKING WAVES" was what the 1980-81 girls' swim team did. These devoted girls withstood the cold and brisk winds that went along with everyday practice, which started in January. Once at practice each girl hit the water and didn't come out until the end of the day. Each day the girls swam 5,000 yards for a total of 25,000 yards a week. Behind the scenes and pushing them all the way were Max Weill and new coach Dave Naffziger. With the help and devotion of these men, each girl put all her effort into making their season a winning season. The outstanding swimmers were Seniors Kristy Read, Traci Davis, and Linda Wasden. Each one of these girls held records at HHS. The returning juniors were Patty Mangione, Lisa Lecaroz, and Melody McCarthy. The promising sophomores were Aimee Sanczel and Mimi Romera.

A BIG SPLASH

The 1980-81 boys' swim team knew how to make "A Big Splash." Every day, Monday through Friday, after school you could see the boys team splashing through their warm-ups, and training for future competiton. Each practice was hard and vigorous, but with the support and experience of Dave Naffziger and Max Weill, the team proved once again to be very hard working and successful. The experienced and outstanding seniors of the team were Ellis Blosfield, Roger Clark, Glen Clegg, Keith Cromack, and Juan Castro. Besides the swimmers on the team, there were also the divers. With their precision and exact timing, the divers showed how hard work perfected their dives. The divers consisted of Paul Siia, Harry Greenacre, and David Ford. The returning juniors were Sean McReynolds, and Steve Smelt. The beginning sophomores were Mike Baird and Mark Lufriu.

"GAME, SET ...

"Game, Set . . . Match." That is what you heard every Monday and Friday after each scheduled match against other top ranked schools. During practice you could see the tennis team running, exercising, and doing strenuous drills, so they would be in shape for their competition. The coaches, Sharon Orend, and Tim Kocher, pushed each team member physically and mentally. They help with the strategy against opponents, and were there anytime a team member needed them. The boys' team had seniors with great court experience. With Eric Allen's and Matt Mayer's great ground strokes and Wayne Wauford's number one serve, the boys' team proved to be a successful one.

W. Wauford powerfully returns a net volley.

K. Wauford quickly steps in position and prepares to swing at the ball.

The girls' team had three returning players, Alicia Pelaez, last year's District and Western Conference Champion; Sharon Oleson, last year's Western Conference Champion in doubles; and Kathy Wauford. With the support of these girls, once again, the team could show to be a successful one. The boys's team consisted of seniors Eric Allen, Matt Mayer, Wayne Wauford and Kevin Jones. The two very promising sophomores were Eddie Perez and Kenny Mitchum. The girls' team consisted of seniors Alicia Pelaez, and Sharon Oleson, junior Kathy Wauford and sophomore Ann Marie Galbo.

Practice, *Preaching*, PERFECTION

The 1981 Hillsborough Baseball Team had many expectations to fulfill after the extraordinary 1980 season. Beginning in early January, practice was the word that sent many expectant Terriers out to the field. With the help of veteran Coach Billy Reed, the Terriers began the long road to a cooperative and dedicated team.

Afternoon and weekend practices filled the players' schedules as well as sometimes three baseball games a week. Returning seniors Vance Lovelace, Randy Pyles, and Melvin Johnson helped to pull the team of twenty two seniors, juniors and sophomores into a well rounded unit. The games were well played and the Hillsborough Baseball team is again to be congratulated for its overall performance.

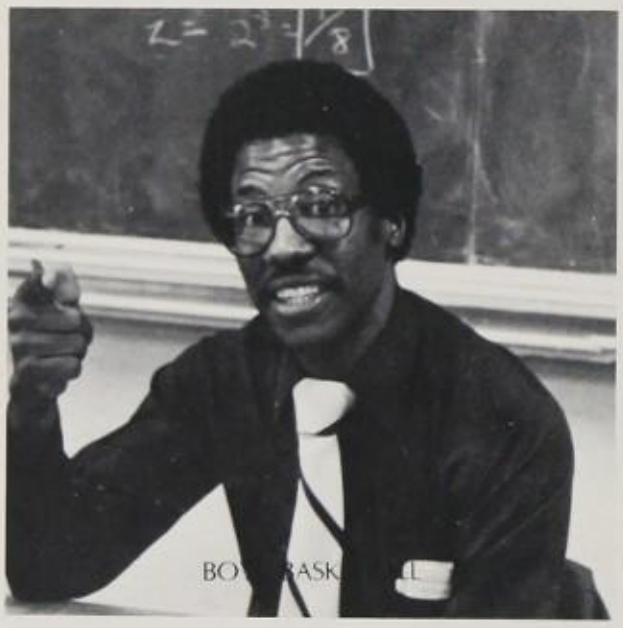
SLAVEDRIVERS



MAKE IT HAPPEN

"Keep up the good work," "Strive for perfection," "Work hard," "Have good sportsmanship," and "Practice, practice, practice." That's how our Big Red coaches or so called "Slavedrivers . . . Make it happen." Many people may not realize the time and effort spent training a team, but many of the coaches work seven days a week, during their sport's season. They work hard on and off the field, both practicing with the team and planning game strategy. Even though the players may sometimes dislike the hard work involved, they feel it all pays off with a well-earned victory. Even the coaches sometimes get discouraged, but after the sport is over and they look back at the season, they feel it was worthwhile of their time and effort. Many times athletes of Hillsborough High School forget to show their appreciation to our coaching staff and we would just like to say "Thank you." The students of H.H.S. will never forget the "SLAVEDRIVERS THAT MAKE IT HAPPEN."

Without hardworking teachers and fair-minded administrators, TRADITION at Hillsborough High School would have been vague and nondescript.

As shapers of tomorrow's leaders, the staff embodied the real meaning of TRADITION. Not only did members of the staff display their spirit by wearing red and black, but they also taught what it meant to be productive young adults mindful and appreciative of traditional values.

ACADEMICS

SUPERIORITY...

Superior Leadership creates Superior Terriers. Due to the Superior leadership of Mr. Collins Hillsborough is still known for their pride and tradition. He has been principal for the past 11 years and has led the Big Red Terriers into becoming the number one school.

During the year Mr. Collins attends meetings held for all of Hillsborough County principals and cabinet meetings held for all department heads of Hillsborough.

All of these meetings are held to better the education of students.

We would like to say a special thanks to Mr. Collins for leading the Terriers into another successful year.

Mr. Collins remembers his past football days.

A smile keeps him going.

Mr. Collins looks at past principals with pride.

Mr. Collins has that football **SPIRIT!**

The shield of great honor.

Mr. Collins shows he is a true Terrier.

HAS IT'S ADVANTAGES !

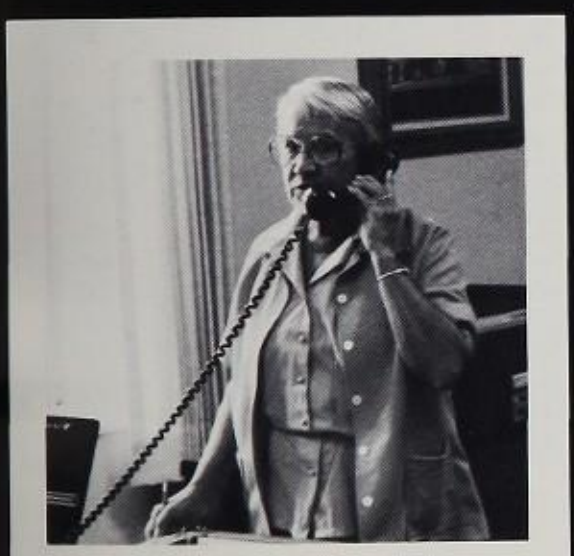
For Mr. Collins to keep the school running smoothly he needs help from his assistants. To help him out in his office is a lady who keeps very busy, Mrs. Bennet. She takes care of paper work and other important details.

Mr. Holland and Mr. Barrington are the assistant principals. They handle all the student activities. Whenever they are in need of help they turn to their secretaries Mrs. Perrone (north campus) and Mrs. Penley (south campus).

We would also like to thank Mrs. Hughes and her assistant Mrs. Whitman for keeping all receipts and money affairs in order.

Mrs. Perrone takes a break from her daily routine.

Mr. Holland plans calendar activities.



Mrs. Bennet tries to help the other party.

Mr. Barrington awaits a student's arrival.

Mrs. Whitman does not have time for pictures.

Mrs. Huges takes time out for a pose.

Mrs. Penley keeps very busy during the day.

DEANS ARE OUR FRIENDS TOO

Mrs. Snapp, Mrs. Montz, Mr. Wilson, and Mr. Johnson kept order and happiness in school. They strived for good attendance of all students and though at times they seemed to be strict we could still count on them to help us when the counselors could not.

Mrs. Wittnan was in charge of the bookstore, in which you could buy anything from school supplies to even post cards.

These and others helped make the 1980-81 year a very successful one.

COUNSELORS GUIDE WELL

The Guidance department was very busy this year. The counselors helped the students plan classes that would help them in their future careers. The students were appointed the same counselors for all three years in order to better acquaint themselves with each student's individual problems.

Some other members of the guidance department include: Mr. V. Wilson, head of the bookroom, Mr. Suarez the new Human Relations Specialist whom you could rely on when you needed someone to talk to, and Mrs. Leon, head of the Data Processing. Thanks to the Guidance Department we completed the year with a good outlook towards the future.

THE "WRITE" DIRECTION

In an effort to better prepare students and to standardize what was being taught in the classroom, the English department utilized the countywide curriculum guide this year. Not as many electives were offered, however, there were two new elective courses introduced: Contemporary Literature and a Creative Writing class which helped publish the Helm.

In addition to gaining these new courses, the English Department also gained four valuable teachers: Mrs. Osborne, Mrs. Fernandez, Mr. Pittard.

All in all the English teachers helped students step off into the "write" Direction.

IT ALL ADDS UP

Even though Mrs. Morrill doesn't like grading papers, she still finds time to smile.

Mathematics is important in so many areas. The Math Department strives to offer best courses possible with the help of Mr. Caballero, Department Head, who came to us from Leto High School. He feels math is "super important, and that being a department head is great." He also said he enjoys working with the other teachers and students.

In addition to Mr. Caballero, we have two new math instructors. Mr. Naffziger comes to us from Brandon, and Mr. Long formerly taught at East Bay.

Mr. Ware's grin says "only 2 minutes 'til the bell rings."

Mr. Cacciatore really knows how to CONDUCT his class with a smile.

REVIEW!

"Fine Arts." When you think of Fine Arts you may only think of art, but it includes many other things than just art, it includes Music, Foreign Language, and Art of course.

The music department includes Chorus, Sound System, and the band. The band this year was under the direction of Mr. Ziegelhofer from East Bay. We would like to welcome him to the Big Red.

The foreign language included Spanish, French, and German. The Art Department included art and arts and crafts.

We would like to say a special thanks to everyone in the Fine Arts Department for showing the students the different cultures of life.

These band members are proud to be under the direction of Mr. "Z."

Mrs. Ribas shows this student the proper way to say "I Love You."

THE SOUNDS OF BUSINESS

The punching of keys and the humming of machines are just a few of the sounds you would hear if you walked into one of the Business Ed. classes.

Business Ed. offers students a unique form of education. It helps students gain the knowledge and skills necessary for making it in the world of Business.

Ms. Daniels, this years Department Head, realizes career opportunities of tomorrow lie in the Business field, and she and other Business teachers are striving to produce competent, prepared students.

THE POWER BEHIND — I.M.T.S.

This year Hillsborough has a new and more personal class to offer students. Mr. Frank Leto, coordinator, and his staff have put in many hard hours of work and planning to bring the I.M.T.S. program to us.

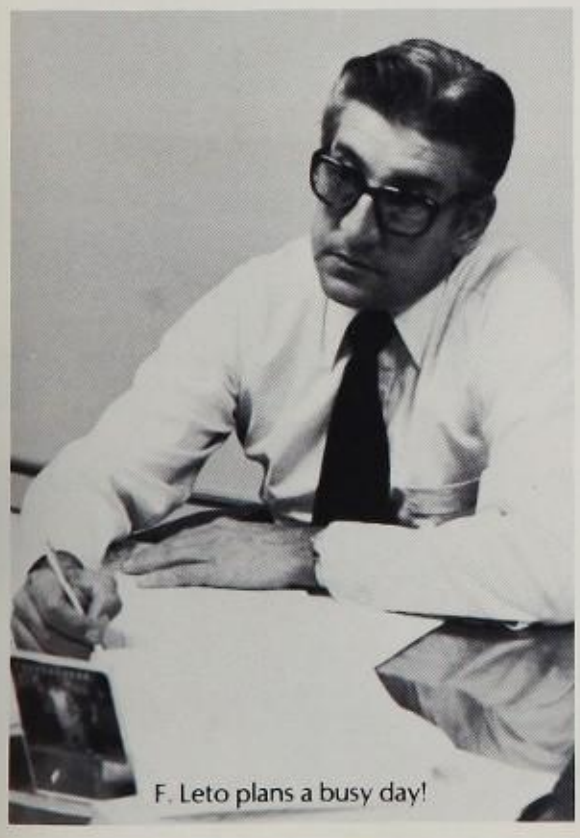
I.M.T.S. offers students a chance to find out what type of career they are best suited for. They have several workshops which the students try out for several days and then come to a better understood career choice.

I.M.T.S. also has an individualized learning system which the students do work which has been individually prescribed for them. The work done here helps to overcome small learning problems found in reading and math skills.

The students here at Hillsborough are luck to have a program such as I.M.T.S., the Individual Manpower Training Program.

Cammaratta helps with IMTS.

Mr. Leto plans hairstyling in a career workshop.



F. Leto plans a busy day!

Much planning is involved.

S. Snyder keeps improvement records.

PRACTICE MAKES NEARLY PERFECT

Not all time was spent behind the wheel of a car. More time was spent in the classroom behind a book. Students were taught the rules of the road as well as driving skills.

The students were taken into traffic with one of the instructions instructors in order to better improve their driving skills and after one semester of the course and hours of practice on the newly paved range the students became nearly perfect drivers.

NOT JUST SPORTS

Physical fitness and agility are the base basis of physical education. The students learned various sports, their rules and regulations, and the manner of conduct necessary for successful competition. Besides the various sports, the students were also taught exercises that would help keep them in good physical condition.

This year a new dance class was introduced to the Phys. Ed. department which proved that sports are not the only means to a healthy body. This class was taught by Linda Montz.

IMPORTANT INDUSTRIES

People have always picked up tools and built articles. In recent years, however, modern technology has given craftsmen a larger amount of time saving tools with which they can work. In industrial arts students learn how to use these materials.

The industrial arts course headed by Mr. Baker, teaches students the modern industrial environment. This involves using materials as power machines drafting equipment and hand crafting tools.

Mr. Depaula shows that crime does not pay.

These students are amazed at the ease of running the large drills.

QUIET TIME!

The Library is a very quiet place where students are able to read, study, and find interesting books. In the Library there are many different sections. They have a Magazine Room and Video Room. Whenever a student or faculty member has a question on anything, they would ask Mrs. Martinez or Mrs. Murry. If they needed help with video equipment they would ask Mrs. White.

This year the Library in conjunction with the Guidance department held the College Awareness program for seniors, but juniors and sophomores were able to enjoy the program. The program was held for students to find out a little about some of the Colleges, the SAT, and college funds. They plan to better this program and many other programs in the future.

The "Quietness" of the library helps these students to study.

Down home cooking was one of the specialties of the Home Economics department. They cooked everything from cookies to stews, and enjoyed it while they did it.

In the department of Food and Nutrition the students had a great time preparing foods for banquets and school functions.

Many students took a sewing course to help them along in the years to come. There was also a Child Care and Development course for those who wanted to have a little background in taking care of children.

Who knows maybe someday one of these students will become a great chef, seamstress, or open their own day care center.

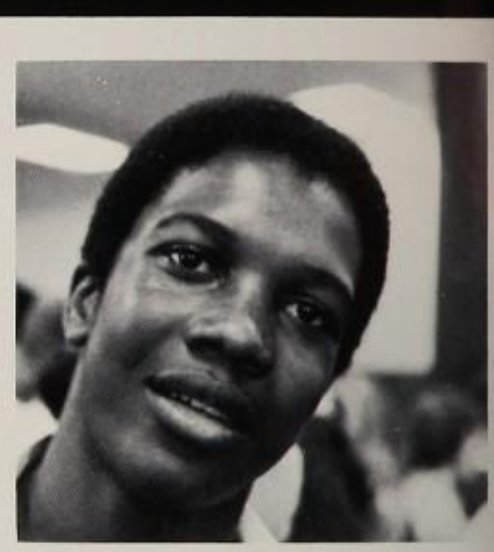
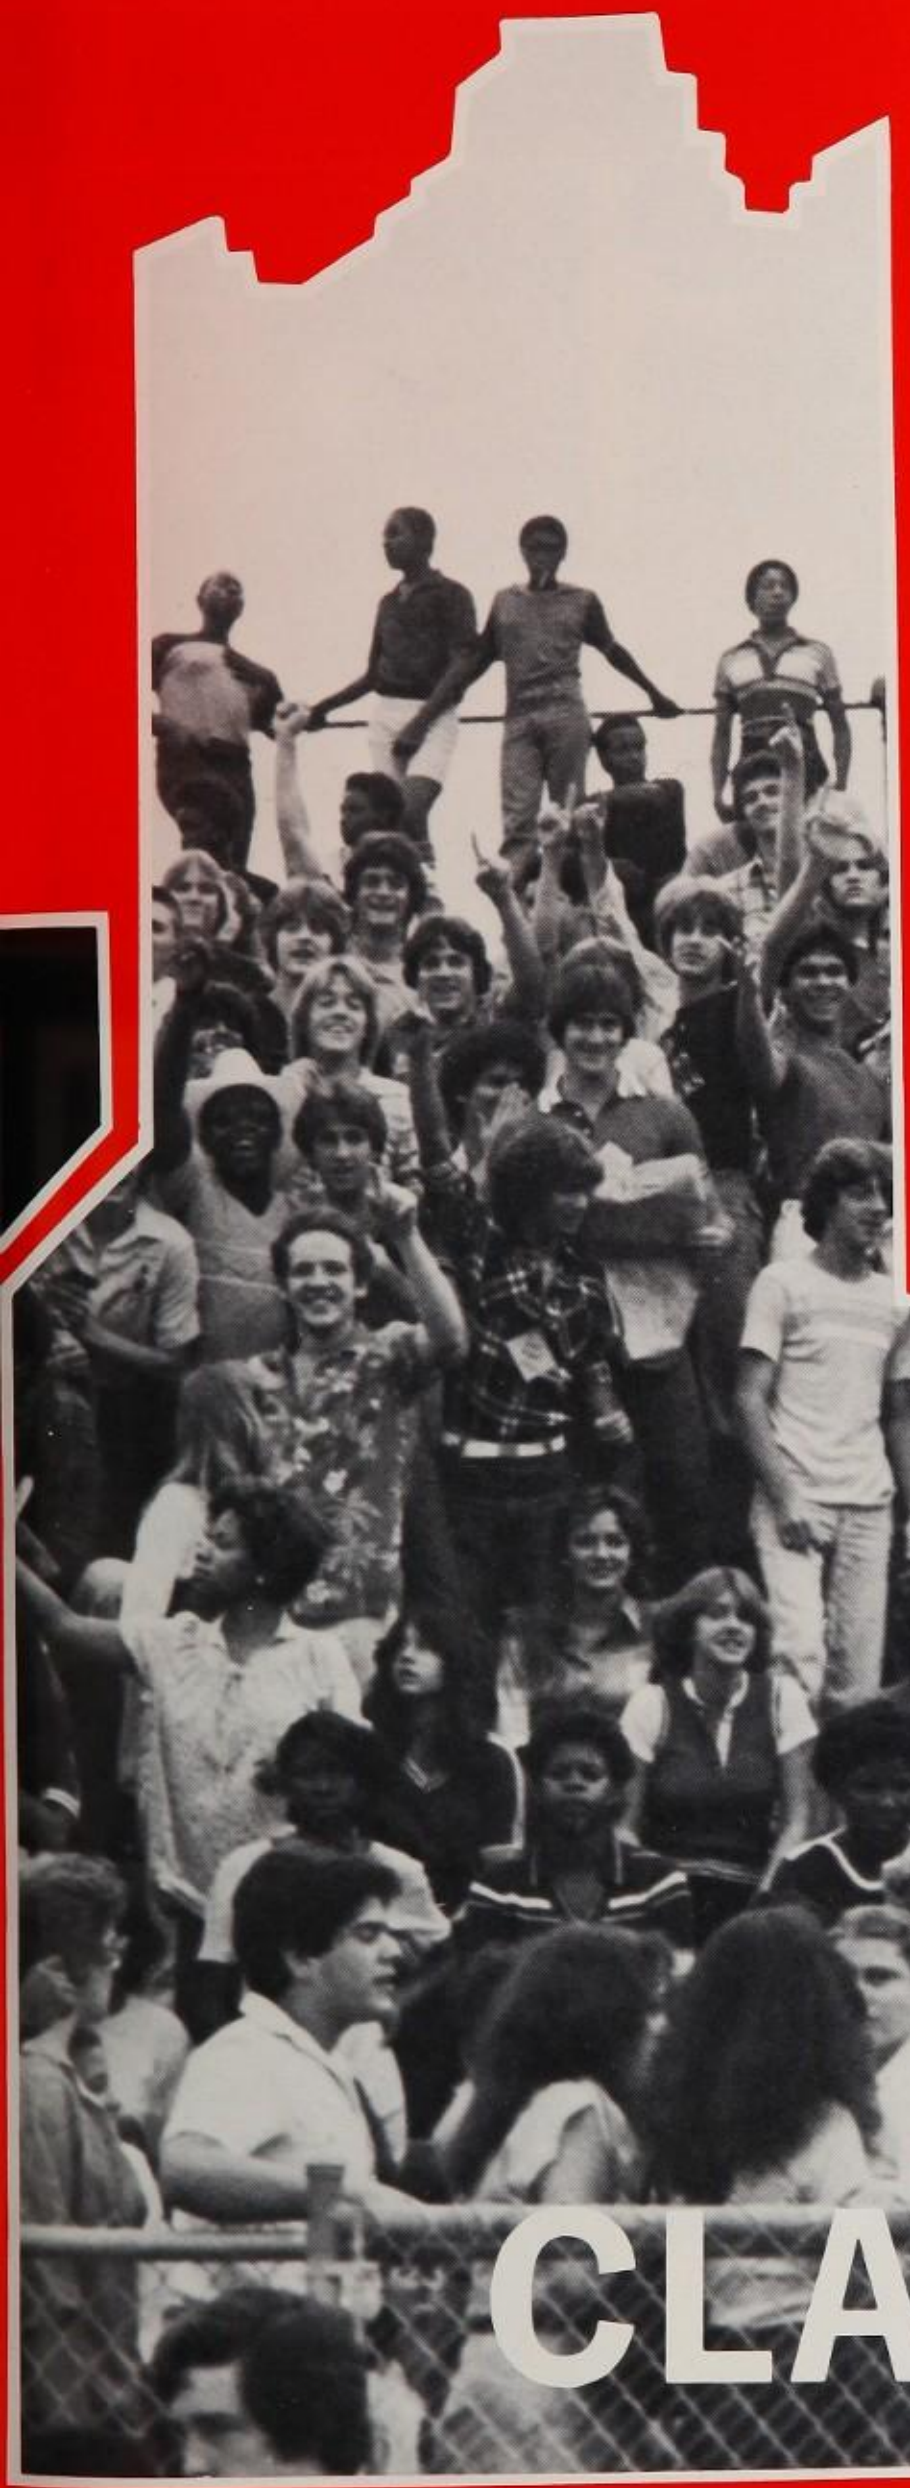
Seniors

Melanie Carter





Every rookie sophomore strived to be an active part of it; every ambitious junior worked at it; every senior exemplified it . . . TRADITION.

With their feet barely in the door, sophomores learned quickly that TRADITION was as much a way of life at HHS as senior privileges.

Having learned the code of conduct, anticipating juniors practiced diligently to polish and refine their conception of TRADITION, mindful of the day they would become seniors.

From sophomore novice, via junior practitioner, to senior superlative, the Class of 1981 taught, staged, and directed the carving of its TRADITION at Hillsborough High School.

A dreamer – nothing but a dreamer, at least that is what the majority of us proved to be.

It seemed as if there was only one thing to do – DREAM. We tried to concentrate on more important things, but as it always turned out we would sit back and think of all those great weekends that had passed and all the weekends yet to come and try and make those dreams come true.

BUT the shock came when report card day arrived and the dreams had proved to fail them.

NEW EXPERIENCES

As Sophomores became a part of the BIG RED, they attempted to gain the pride and traditions of Hillsborough High School, as well as to adjust to many new changes and experiences. The size of HHS's campus proved to be a problem for sophomores unfamiliar with their new way of life.

Many vengeful seniors and juniors misled the up and coming sophomores by guiding them to the wrong rooms or even the wrong building. The "baby" Terriers were subjected to much harassment from the upperclassmen, but learned to put up with things like senior privileges and returning trays at lunch. By the second week of school, finding their way around was no longer their main concern. Their main objective became making new friends and sharing the many experiences they came to know with their new friends.

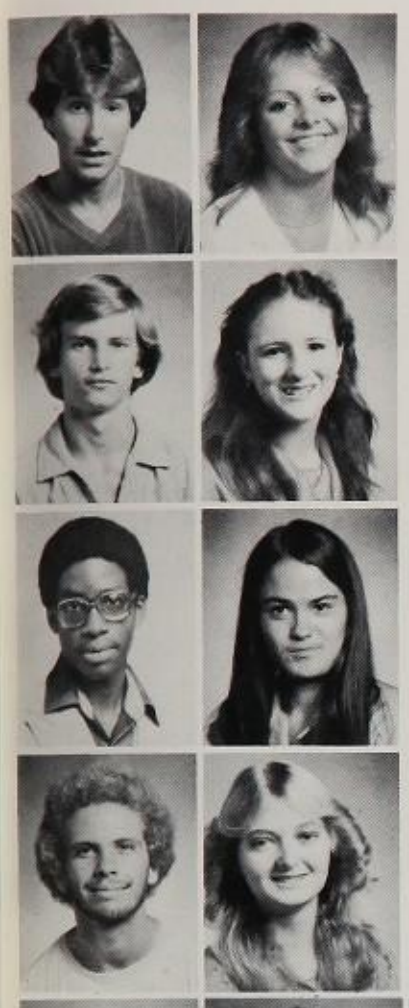
MEANING OF TRADITION



Every year the Big Red Terriers carry on the tradition of initiating the "baby" Terriers. This is a time where seniors and juniors show their spirit for the "Big Red" by making the sophomores things like kissing the sacred "H" on the patio and also by making them sing "The Alma Mater." But the sophomores didn't seem to mind because they knew this was one step forward to becoming a true "BIG Red" Terrier.

"Going to the board" is inevitable!

As with any new experience, the Sophomore class tackled its fears and anxieties of the Big Red with gusto, usually reserved for things other than school. They jumped head-first into classes, clubs, and sports, and from time to time seemed almost to be drowning in school spirit.

They formed boisterous and highly animated groups between classes — talking over the latest in books and movies (or more often than not — the latest in Sophomore gossip!). They became a common sight at football games lending both their voices and their enthusiasm to help boost an already eager crowd. Their loyalty, too, was apparent from the very start, defending the Big Red seemed to be one of those responsibilities passed down from year to year.

In all of this, then, there emerged a feeling of school spirit like no other. The Sophomore Class was involved in anything and everything, and was undoubtedly "caught up in the swing."

For sophomores, the first year of high school wasn't what they expected at all. It seemed to be hassle after hassle with no let-up in sight. They soon found out this was normal, and that it would be over soon enough. Aside from having countless senior privileges sprung upon them, the sophomores took all the consequences of being a "baby barker" in stride.

D. Acosta is real enthused about being told to go to class.

E. Orta loves all the attention he gets at school.

"Wild and crazy" were only two of the words used to describe a day at Hillsborough High School.

There were always things to do, places to go to, and many new and exciting experiences. We made the best of the times and restrictions we were given; for instance our eight minutes between classes and our limited lunch period. Even though it was rush, rush, we always managed to pull through and make the very best of what we had.

These sophomores make the best of their English class.

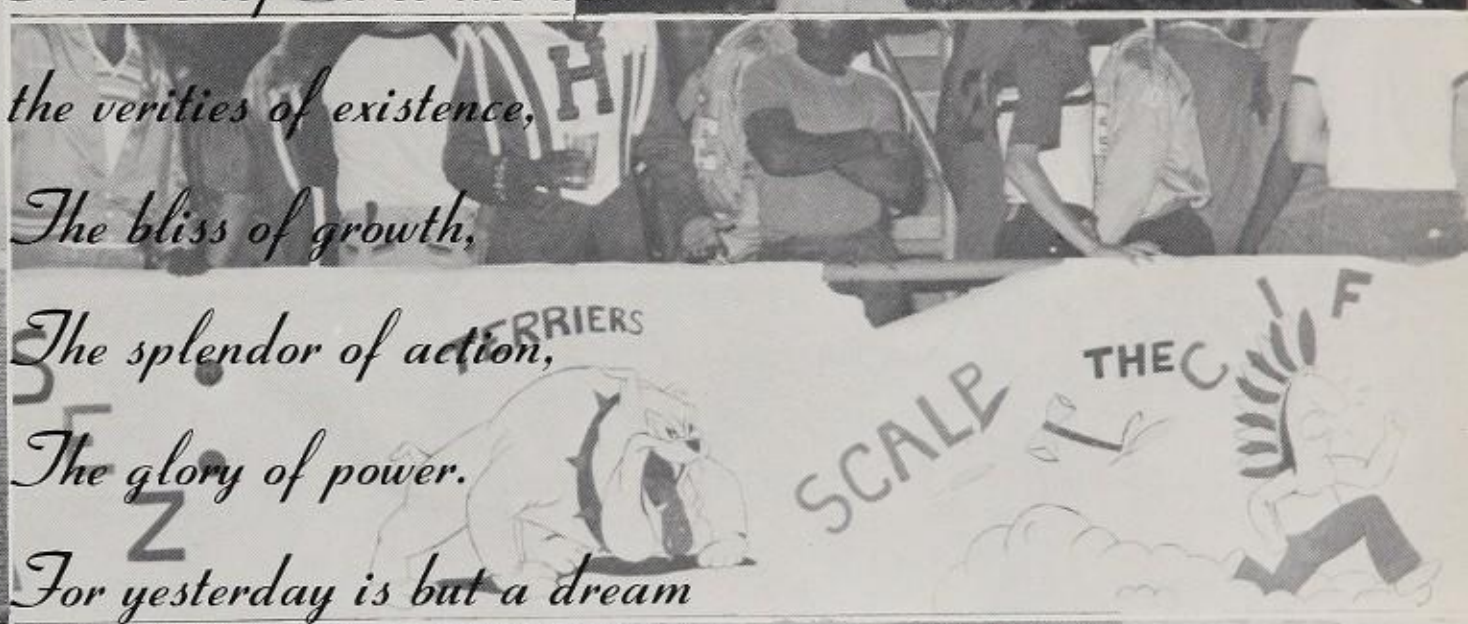
Look to this day

for it is life.

The very life of life.

In its brief course lies all



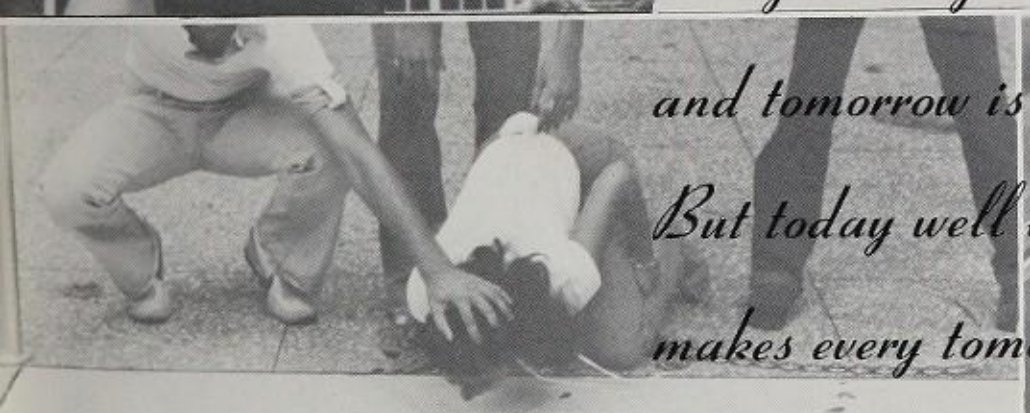
the verities of existence,

The bliss of growth,

The splendor of action,

The glory of power.

For yesterday is but a dream



and tomorrow is only a vision.

But today well lived

makes every tomorrow a dream

of happiness . . .

And every tomorrow a vision

of hope . . .

Friends gather for a long awaited talk.

Guess What? Your second year at H.H.S. has come to an end. The anxiously awaiting juniors have become seniors. For some, the junior year seemed forever. Many made new friends and sadly to say some had made enemies. That was all in the past.

Hillsborough is a thriving school, especially with new students that had been transferred here. New students must have realized what a proud school H.H.S. was. The Big Red will continue to prosper and the tradition will live on forever.

A. Collura and D. Wilkerson discuss the problems of today and tomorrow.

Many juniors, at one time or another, took time out to think about tomorrow and their future plans. Many of the decisions made took time and long hours of thought.

Some juniors felt that it was much too soon to think about careers, but time has a way of creeping up on us, and as the year neared its close and the next turn would lead into the final year, the importance of planning for tomorrow was clear.

success is...

This year, Juniors worked really hard! They started out with much vigor and they had a lot of ambition to accomplish many things. Their goal was to prepare for their Senior activities, which included having a very successful "GRAD NITE!" They sold candy bars and had many other fund raising activities. The "Class of '82" felt success in the air!

They worked very hard in the preparation for these activities. Each junior had the potential of going out and doing what they had to do in order to complete these activities. Juniors have much to look forward to next year.

D. Cabanas and L. Sergi think about their junior year.

As the proverbial "middle child," the Junior class seemed doomed to months of nothing more than study. The initial shock of their Sophomore year was gone and it was almost as though the roller coaster had come to a screeching halt.

The days, then, instead of learning about the school, were spent becoming the school; becoming what the words "Big Red" and "tradition" stand for. They were filled with laughter and good friends, and though they weren't as giddy or anxious they were every bit as spirited!

So, as the year drew to a close, the Junior class remained steadfast in its belief that the middle year was one to be long remembered – not forgotten!

It was a scary feeling for many juniors when they realized how close they were to being seniors. It opened many eyes to the thought that their junior year was going to be really special, since it was their last chance to have another year of school left to look forward to. Once they finish high school, they know that it is going to be a long, tough journey to become a success.

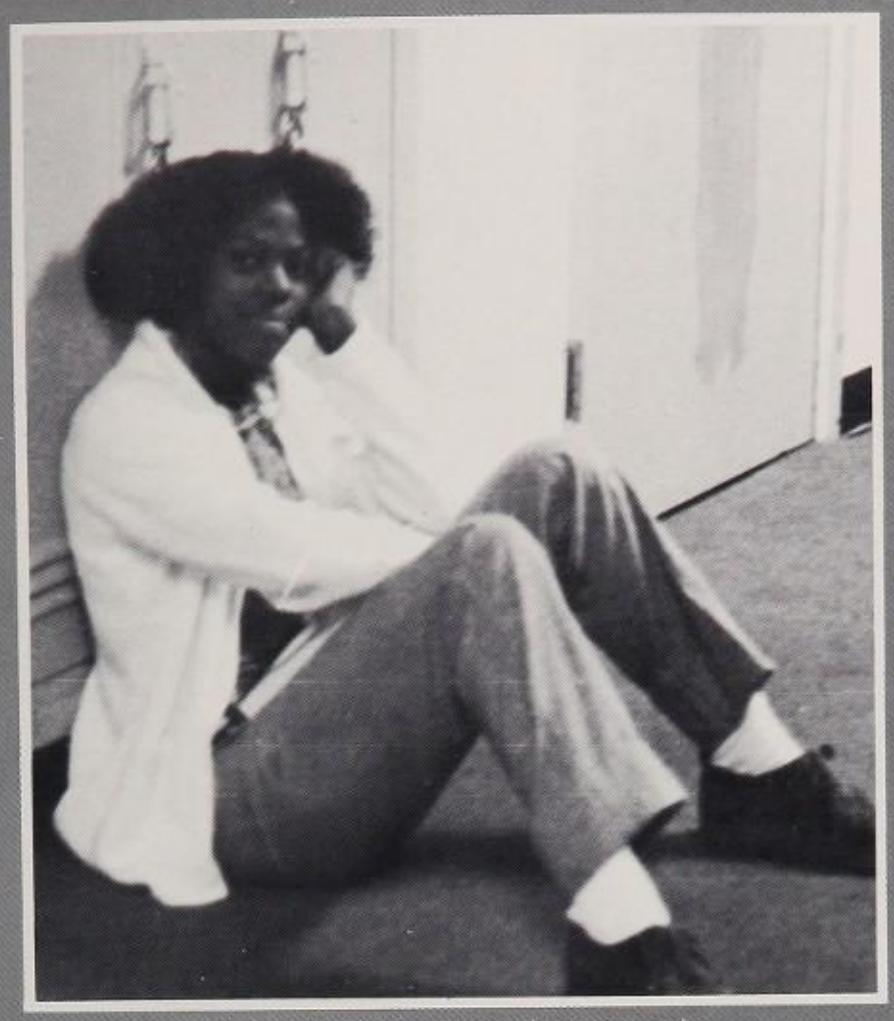
As the school year came to a close, the day-to-day routine of the senior class seemed to take on a new perspective. Tests had been taken, grades nearly tabulated, and futures, for the most part, had been planned for months. It appeared then, that the "plague" had begun to set in.

Commonly referred to as Senioritis, the symptoms ranged from daydreaming to restlessness to out and out absence. Seniors could be found almost anywhere doing exactly what they do best . . . goofing off! Besides just laughing and talking at school, the beach became more popular during the warmer months, and what were once forty minute lunch periods gradually turned into all afternoon excursions!



while C. Flowers prefers a calmer approach.

W. Gallops, J. Cram, and T. Moore display their undivided attention in concert band.

As Seniors looked back at all the fun, crazy, and embarrassing moments they encountered at H.H.S., they never really stopped to think of how many good times were had.

It was a big change from sophomore initiations were only part of it. There were grades to keep up and subjects to pass, and for a while, it seemed the big senior year would never arrive. But the senior year had arrived – and a bit too soon for many seniors; and there grew many unsure feelings and an uneasiness about the future. Luckily, there was a lesson learned that became useful to some of them. Always remember the things you have learned on the long road to education; they may prove to be most priceless in your years ahead.

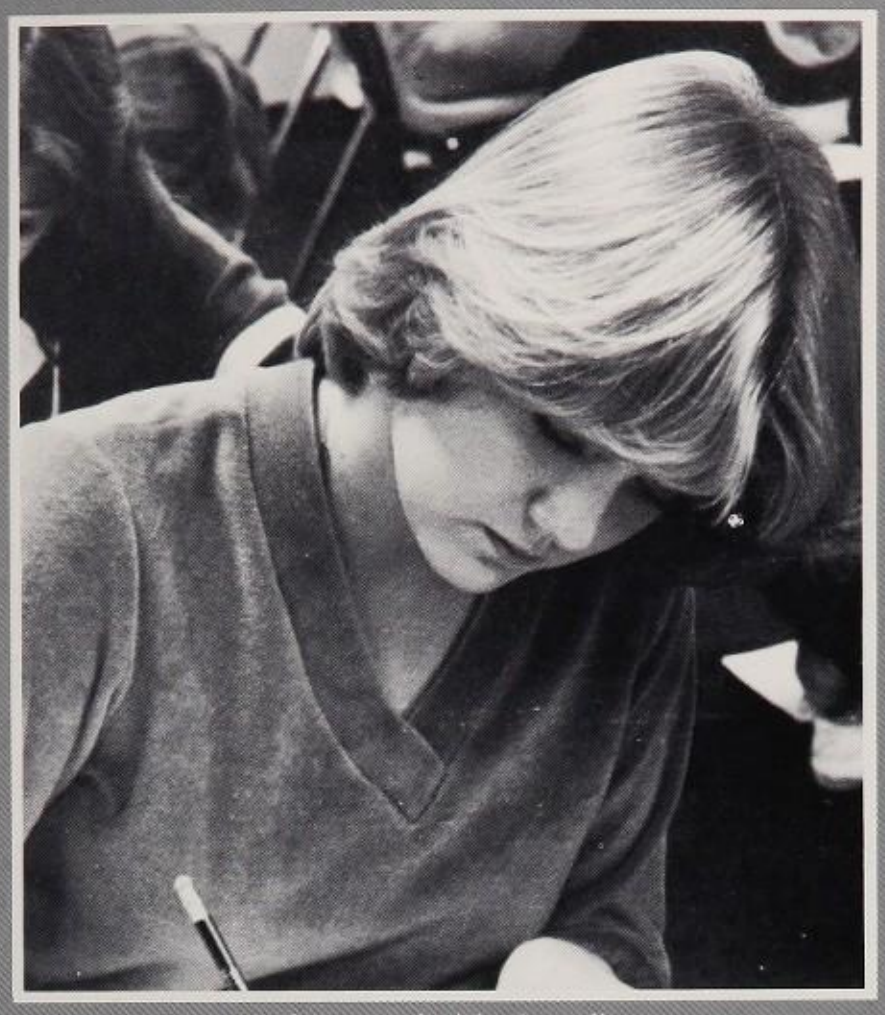
At one time or another in their sophomore or junior year, most seniors said, "I just can't wait till I'm a senior!" But, slowly time crept upon them and many wished they could turn time back and relive the days at the Big Red. The past full of many happy fun-filled escapades can never be relived. Our memories can! Looking at the past seniors probably had made some mistakes they would like to forget or change. Yet, if they were true Terriers, the one thing they would not change would be the pride and tradition they shared with all of H.H.S.



M. Carter puts forth her best effort.

Many seniors felt the traditions of H.H.S. even stronger this year. Many thought back to their sophomore year when everything seemed like a game and the "H" was just something to push your friends on and the alma mater was so funny sounding you giggled all the way through. As juniors, things calmed down a little, but you still weren't sure what it meant to be a Terrier.

But as time went by things changed and the traditions were an important part of a Terrier's life.

The feelings of pride from these traditions will remain forever:

Never to be forgotten.

The "H" speaks for itself.

After eleven years of school, their Senior year had finally come. That meant Grad Nite, Senior Skip Day, the Senior Prom, and Senior privileges. However, the main event for every senior was his day to be graduated. Twelve years of hard work were behind that one big day. Some seniors discovered the happiness and excitement of being a senior, but many experienced sadness when realizing after Graduation Day in June all that would be left of one's senior year would be a memory.

Tears have been shed at HHS on Graduation Day, some because of sadness, some because of pride. Seniors knew in their hearts that a special part of them would always be a Big Red Terrier.

K. Gennaro and S. Fernandez take one last look at the "H" before graduation.

We will always remember all of our days at good old Hillsborough High School.

We had many times when everything went just as we wanted it to go . . . our way, our style, our good fortune. But with these good times came some hard ones. Times when it looked as though we would never make it to June; times when we almost gave up and couldn't see an end in sight.

Yes, there were days we were WINNERS and we'll never forget the joy we felt. The days we were LOSERS, however, we'll not forget either. For those bad days mixed with the good made our senior year. We look back on it now with pride and joy and a sense of great accomplishment.

G. Bonetti and R. Rich figure that together they can accomplish the days' work.

T. Card and M. Mariani battle it out.

CHANGE!!!

A name to remember!

Stephanie Hutchins | Julia Hutto

1980 will certainly be remembered for all the changes our country has experienced. Yet, being a part of the Big Red has given us security — the security of long held traditions. The Terrier Bark, wearing Red and Black on Fridays, and the chimes of the clock tower have served to unify us.

The architectural beauty of Hillsborough High School, built in 1924, is secondary to the lasting tangibles of friendship, education, and growth which we have experienced.

Hillsborough will continue to carry on its many traditions and also meet the challenges of change.

Through shared experiences of defeat as well as victory, we will all feel excitement and pride when hearing the traditional cheer of "WE ARE THE BIG RED!!!"

Just one sign of HHS's beauty.

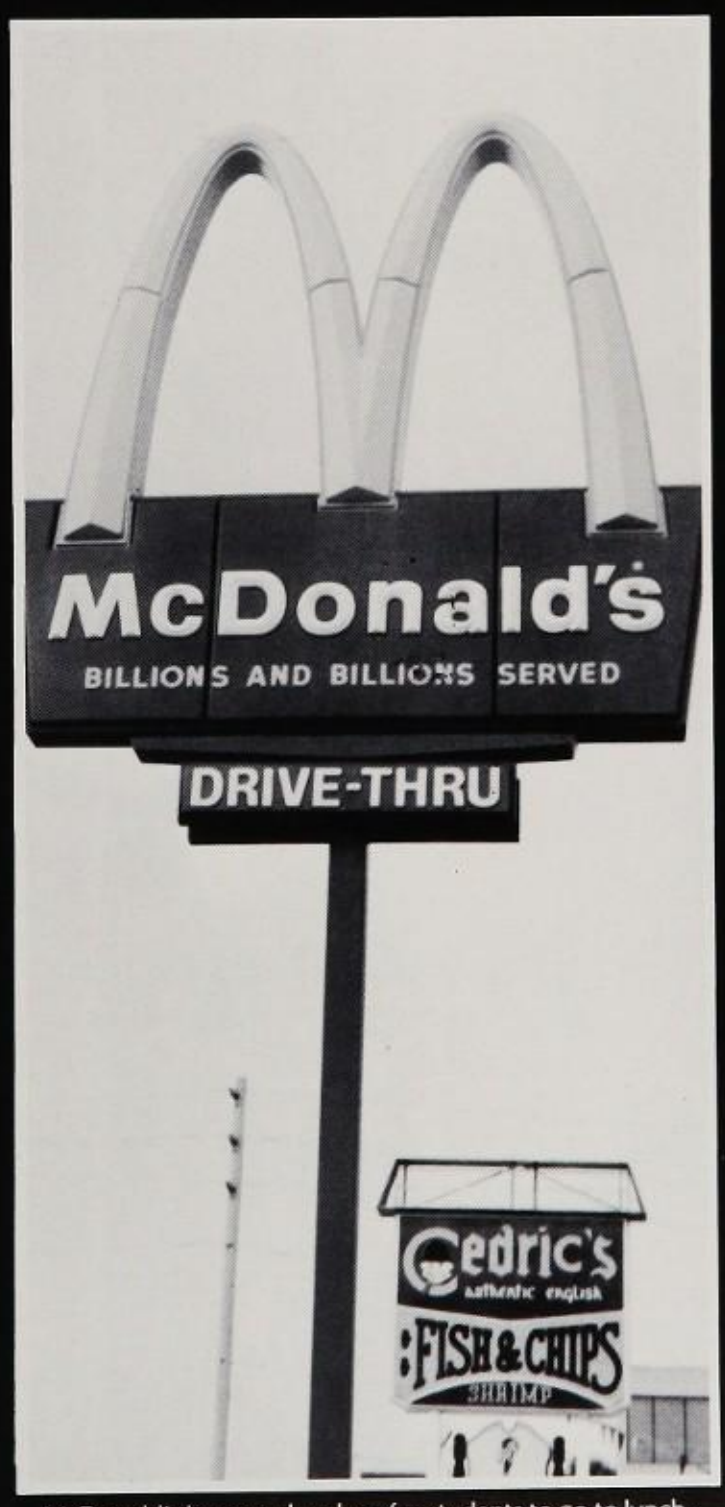
"Where are you going for lunch today?" "Who's going to drive?" These were among the many questions Hillsborough students asked each other during lunch time every day.

There were many places for the students to eat at. If not in the school cafeteria, then students were either found at "McDonald's," "Burger King," "Taco Bell," "The Sandwich Shop," "Pizza Parlors," or just on the patio.



McDonald's is a popular place for students to go to lunch.

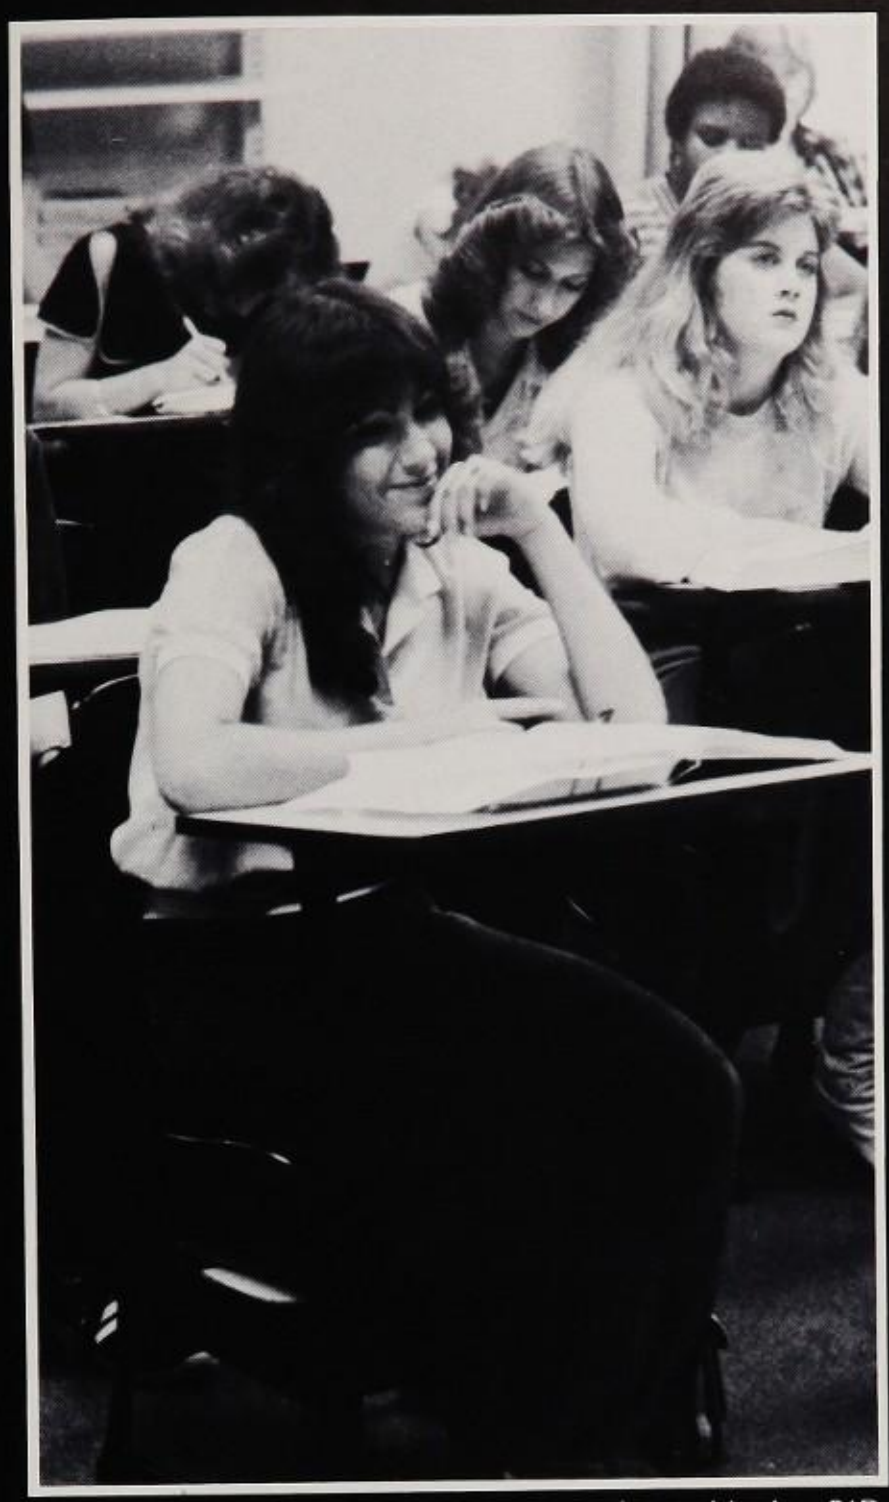
Seniors worked hard to get through their last year of high school. Although the year had many activities within it, there were seemingly just as many problems to be faced. A major complaint was the bad parking situation which affected the entire student body. Then, the time came when the seniors met the ultimate hex — PAD

Problems in American Democracy wasn't anyone's favorite subject, not to mention it is a required course for graduation. It took large amounts of hard dedication for many seniors just to receive a passing grade each semester. But by the time final exams were in session and tests were graded, the seniors found that PAD didn't hurt THAT much.



Lana Massaro thinks of what she'd rather be doing than studying for a PAD test.

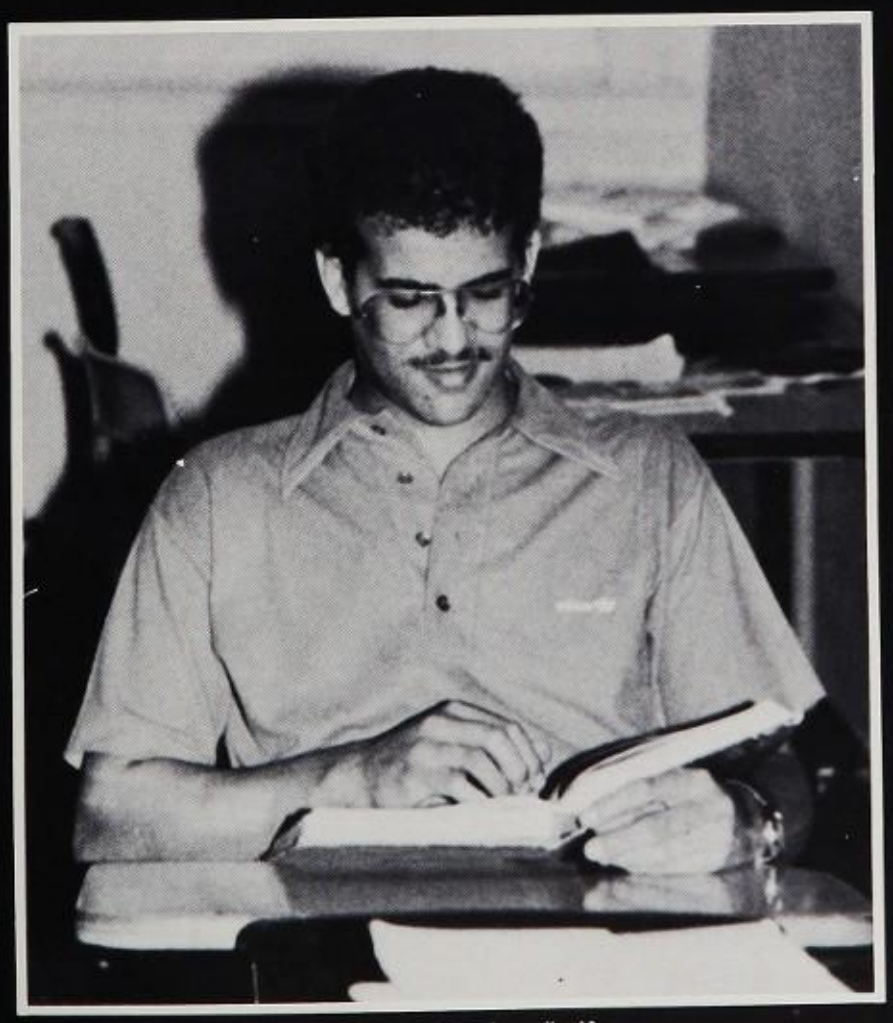
Senior (sen-yer): higher or more advanced in rank, office, or the like; a student in the U.S. who is in his final year of high school, college or a university.

That is the proper definition for a senior. But for many of this year's seniors it meant the final days before facing the world outside of the Big Red.

Many will go on to college, while others will follow careers or dreams. Whichever route is taken, their years under the Big Red will always remain treasured memories.



A senior is a hard studier!?

As we look back on our three great years spent at Hillsborough High School, we remember all the many laughs and fun times that we shared.

As sophomores we were wild and rowdy. We were introduced to the "SOPHOMORE INITIATION." As crazy juniors we went mad selling candy bars to raise money for our senior expenses.

We will always cherish all the wonderful, trying, and just plain old great times we had at the "BIG RED," because as we will remember in years to come, they were three "TERRIERIFFIC" years!

M. Carter experiences another one of those days!

They always stuck together!

The time has come again for the "1981" group to leave this wonderful school.

Seniors of "1981" have shown their true spirit and pride of Hillsborough by being very active this school year.

Even though they are now graduates, they will always remember the great times they had, and that great Alma Mater, which had to be learned during their sophomore year.

Most important of all, in the years to come, they can always look back upon the years and still be proud to say, "I was graduated from Hillsborough High School, and I am still a TERRIER!"

The "H" will be long remembered.

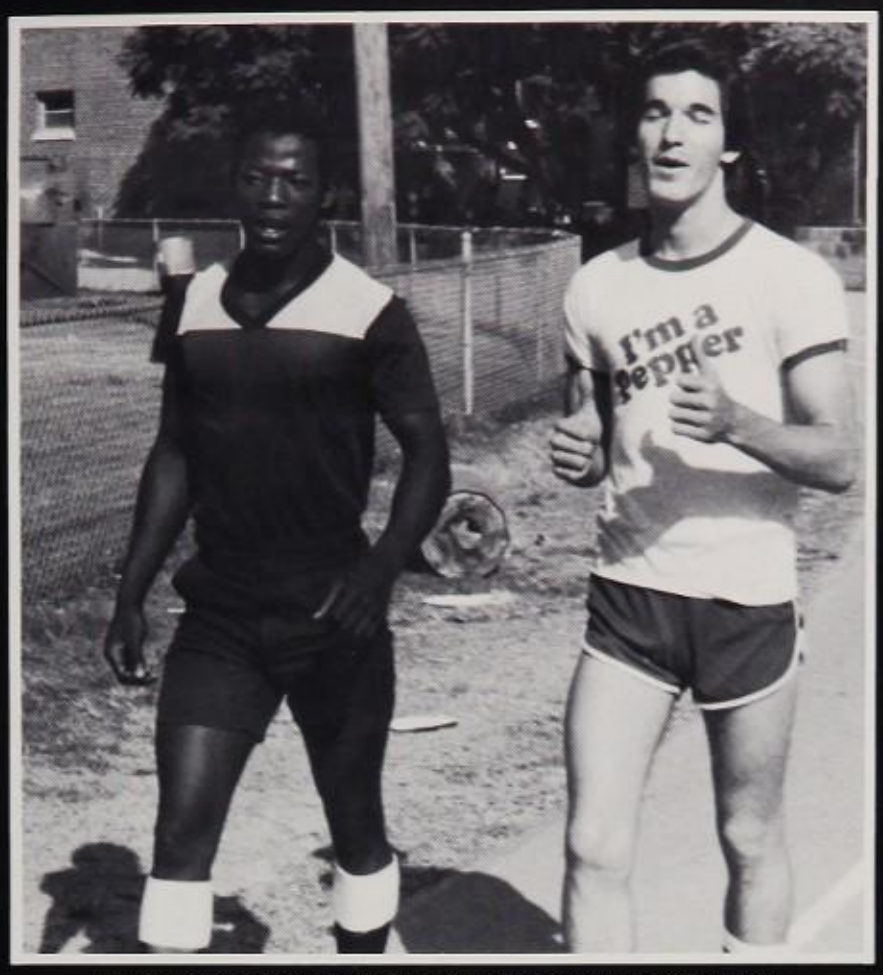
There comes a time when Seniors have realized the change within themselves. It didn't come suddenly or sneak up on them from behind, but matured slowly within them throughout the years.

They laughed and gathered in the halls, between classes, to tell the latest news, but when they settled down and began to do class work, they became attentive and studious. Homecoming came and went, as did the Prom and Grad Nite. Memories were locked up and stored away into the back of their minds.

The change continued on slowly and quickened its pace as Graduation rounded the corner and they took on their new outlook of life. They reached out toward their goals and became the proud "LEADERS OF TOMORROW!"



M. Catledge lets G. Smith know that he approves of his ideas.

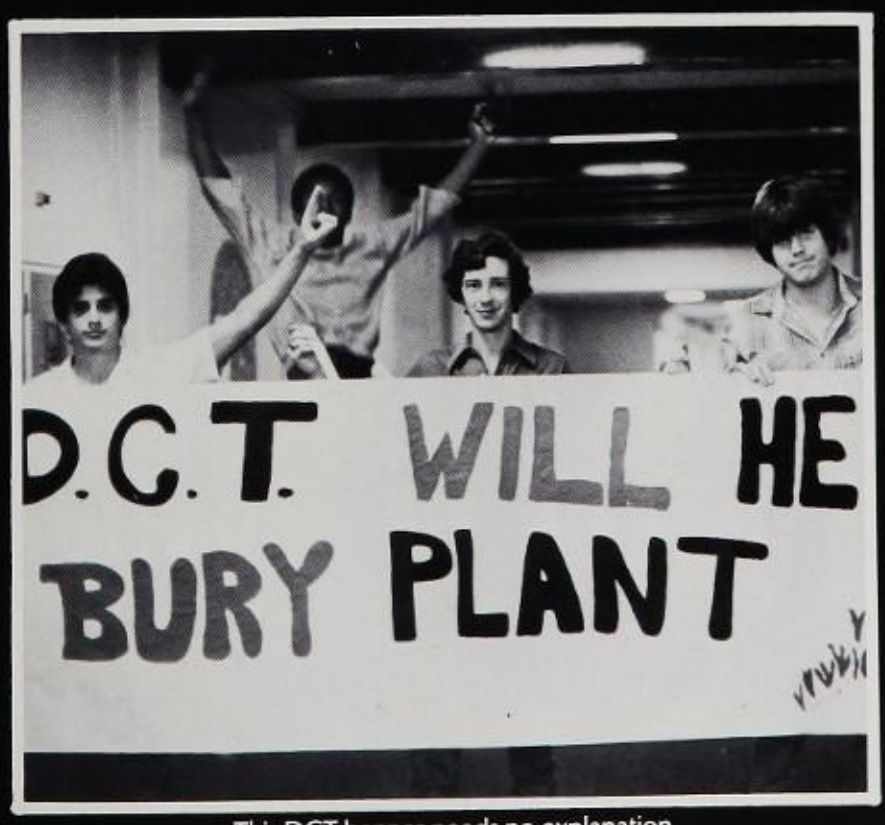
Seniors take time to share friendships among each other.

D. Wiest is proud of her good luck mascot.

Photographs and memories and the friendships we had, are all the things we had to remember HHS and our Senior year by. There was laughter, pain, sorrow, tears, joy and enlightenment in our last years here; but to most graduating Seniors, it was well worth it.

As we hold thoughts of tomorrow, we hold memories of long hours of studying, friendships so dear to us, pep assemblies, football games, people singing the ALMA MATER, and of course, voices echoing,

"WE ARE THE BIG RED!"



This DCT banner needs no explanation.

Outstanding

It is said that there are two kinds of people in the world: the leaders and the followers.

In school, just as in any group or organization, the leaders are the ones that make things happen — those that get involved and work to the best of their ability to make Hillsborough the very best that it can be.

So, to these students that have done so much for their clubs, sports, and activities — the Hillsborean salutes you. You are truly the Outstanding Seniors of 1981.

WHO'S WHO

One of the most rewarding experiences in a lifetime is being recognized for a job well done. Whether it involves school, athletics, or a particular service, there is a special feeling in knowing that you have done your best.

"Who's Who" is a section of the *Hilsborean* set aside to congratulate those students that have put forth the effort required to excel in their respective departments. They were chosen by Department Heads on the basis of grade point average, dedication, and outstanding ability; and, they deserve the greatest respect for their accomplishments.

Fast-food restaurants, department stores, car dealers, and business enterprises formed the periphery of our Traditional landmark. Terriers ate at them, bought clothes and records from them, drove cars home from their lots, and worked in them.

As helpful developers of TRADITION, our involved community lended its support to the school, its students, and its staff. Through this support our TRADITION has been strengthened and perpetuated.

The 1981 yearbook was definitely an experience to create! We went through many changes this past year and had to adjust to them. We would like to show our appreciation to those people who helped us, for without them we would have never been able to put together the largest yearbook in Hillsborough's history.

We would like to thank: Mr. Jim Bolin, our Taylor Publishing Co. representative; Mr. Collins, for the cooperation he has given us; Mrs. Bennett and Mrs. Hughes, for all of their help; our yearbook staff, for the fantastic job they have done this year! And Mr. Pittard, for both his inspiration and support.

We would also like to thank you, the students of Hillsborough High School, for letting us capture you in words and pictures that can only become more memorable as the years go by.

THANK YOU!

Hail & Ovis

A Tradition has been instilled into new Terriers.
A Tradition has been magnified in returning Terriers.
A Tradition has been incorporated into the very lives of graduating Terriers.
